**Danish Chairs** Noritsugu Oda,1999-02 Depicts and describes more than two hundred examples of twentieth century Danish chair design The Danish Chair Christian Holmsted Olesen,2018 Presents 110 Danish chairs and charts their success at home and abroad from the mid 20th century until the present day In the mid 20th century design became a cultural phenomenon that placed Denmark on the world map Danish Design emerged in 1949 as a real brand when American journalists started to write about Danish furniture in relation to a furniture exhibition by Snedkerlauget in Copenhagen Den runde stol made by Hans J Wegner was given the name The Chair This was not only the beginning of a great export adventure but also a challenge for the Danish designers who became world recognized for their obsession with creating the perfect chair The chair has always been the touchstone of designers and the design historians favourite object It touches and reflects the body it carries with arms legs seat and back Besides this point the chair is one of our most culture bearing design objects and it tells a story about the period and the society from which it was created In a very unique way this book shows not just in words but also with drawings and photos how Danish chairs are built on historical furniture types which are then refined into the infinite The message and the explanation for the international success of Danish furniture is this Danish furniture design is based on foreign culture and the best creations of former times *The Danish Chair* Christian Holmsted,2024 The single piece of furniture that became the emblem of Danish design in the 20th Century Danish designers are renowned around the world for their beautiful and functional chairs Here is the book that tells the full story of the Danish chairs that were created during the 20th century The Danish Chair is structured around chair types and illustrates how the golden age of Danish furniture design was driven by the study and refinement of historical furniture types It traces the family relations between the chairs and shows how they influenced each other in terms of detailing construction and concept Design was the cultural phenomenon that put Denmark on the world map in the mid 20th century The international brand of Danish Design arose in 1949 when American journalists began to write about the Danish furniture at the Copenhagen Cabinetmakers Guild exhibition This was not only the beginning of an important export opportunity but was also taken up as a challenge by Danish designers who became world renowned for their obsession with creating the perfect chair *Modern Danish Furniture* Danish Furniture Manufacturers' Association,Møbelfabrikantforeningen i Danmark, **Danish Foreign Office Journal** ,1954 **The Studio** ,1911 Saturday Review ,1871 The Saturday Review of Politics, Literature, Science and Art ,1871 **Saturday Review of Politics, Literature, Science and Art** ,1871 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1871 Leaflets from the Danish West Indies Charles Edwin Taylor,1888 **The Danish "Dana"** ,1929 Danish Life in Town and Country Jessie Bröchner,1903 **Nicolai's marriage, from the Danish by the transl. of 'The guardian'**. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
