Nuclear War Raymond G. Wilson,2014 Nuclear War Hiroshima Nagasaki and A Workable Moral Strategy for Achieving and Preserving World Peace Raymond G Wilson The real truth of the matter is as you and I know that a financial element in the large centers has owned the government of the United States since the days of Andrew Jackson Franklin D Roosevelt There is considerable reason to believe President Roosevelt s statement is quite true thus the financial element in the large centers shares responsibility and blame for the tens if not hundreds of thousands of war deaths in the last two decades The people of the world need protection from those responsible for provoking nations to war In the United States this responsibility lies with all elements in the highest levels of government the decision makers It lies with those who tinker with political and economic machinations most likely for the advantage of a financial element in the large centers These are probably people young enough and sufficiently uninformed to have no

conception of the atrocity of the nuclear confrontations and conflagrations to which they are quite possibly leading the world This group of people may include most people serving in the U S Congress and from personal experience many in the U S Military I have my doubts whether Presidents have seen all of the results of the world s first nuclear war they are probably shielded from this Photographs of the victims were confiscated and held confidential for more than 22 years after 1945 There were well more than 210 000 victims not many photographs were made and survived You can learn from this book a tiny fraction of the truth about what happens to people caught in nuclear war Although the truth from more than 210 000 will never be heard In a future war there would be hundreds of thousands more likely hundreds of millions of victims The United States government has not revealed this kind of truth about its first nuclear war As of early 2014 no sitting president has ever visited Hiroshima or Nagasaki In Chapter 5 a solution is suggested to save us all from our nuclear madness I hate war as only a soldier who has lived it can only as one who has seen its brutality its futility its stupidity Dwight D Eisenhower we also possess the seeds of goodness and justice that humankind was given by nature and has fostered over the ages We have the ability to cultivate self control and consideration for others and to strive to live together in a humane and harmonious manner with others The revival of such true humanity not only between individuals but also between nations is an absolute necessity today for the age has come when one nation s self centered behavior could lead all humanity to annihilation Naomi Shohno 1986 America can do whatever we set our mind to Barack Obama [Barefoot Gen Volume 9: Hardcover Edition](#) Keiji Nakazawa,2018-07 Beautiful new hardcover edition of Barefoot Gen Volume Nine Striking new design with special sturdy binding Barefoot Gen is the powerful tragic autobiographical story of the bombing of Hiroshima and its aftermath seen through the eyes of the artist as a young boy growing up in Japan The honest portrayal of emotions and experiences speaks to children and adults everywhere Nakazawa s manga illustrates the true impact of nuclear weapons when used against a civilian population It is vital reading for people of all ages and especially for today s youth By keeping this tragedy in our collective consciousness we can strive to never repeat it and guide humanity towards a course of peace Barefoot Gen Volume Nine Breaking Down Borders Gen continues to confront one setback after another the loss of his home the death of a friend when a chance encounter gives new direction to his life An impoverished but talented artist takes Gen under his wing and teaches him to paint Inspired by the artists assertion that art has no borders Gen vows to become an artist himself and takes a job as apprentice to a local poster painter Despite merciless bullying from his boss and the older apprentices Gen perseveres in the pursuit of his new calling **Barefoot Gen: The day after** Keiji Nakazawa,2004 Cartoonist Keiji Nakazawa was seven years old and living in Hiroshima in the early days of 1945 when the city was destroyed by an atomic bomb dropped by the USA Starting a few months before that event this four volume saga shows life in Japan after years of war and privations Volume two tells the story of the day after the atomic bomb was dropped on Hiroshima as seen through the eyes of seven year old Gen Nakaoka Gen his mother and his newborn sister face the horrors of the day after the bomb
