Charles Dickens

Barnaby Rudge:

Barnaby Rudge Charles Dickens, 2014-02-26 *Barnaby Rudge* was Dickens's fifth novel and was published in 1841. The plot is extremely intricate. Barnaby is a poor half-witted lad living in London toward the close of the eighteenth century with his mother and his raven Grip. His father had been the steward of a country gentleman named Haredale who was found murdered in his bed while both his steward and his gardener had disappeared. The body of the steward, recognizable only by the clothes, is presently found in a pond. Barnaby is born the day after the double murder. Affectionate and usually docile, credulous and full of fantastic imaginings, a simpleton but faithful, he grows up to be liked and trusted. His mother, having fled to London to escape a mysterious blackmailer, he becomes involved in the famous No Popery riots of Lord George Gordon in 1780 and is within an ace of perishing on the scaffold. The blackmailer, Mr Haredale, the brother and Emma, the daughter of the murdered man, Emma's lover Edward Chester, and his father are the chief figures of the nominal plot, but the real interest is not with them but with the side characters and the episodes. Some of the most whimsical and amusing of Dickens's character studies appear in the pages of the novel, while the whole episode of the gathering and march of the mob and the storming of Newgate is surpassed in dramatic intensity by no passage in modern fiction unless it is by Dickens's own treatment of the French Revolution in the *Tale of Two Cities*.
