Baroque Goa:

Baroque Goa José Pereira,1995 **Reflections on Baroque** Robert Harbison,2002-09-01 In this surprising reinterpretation of the Baroque Robert Harbison offers new readings that stress its eccentric and tumultuous forms in which a destabilized sense of reality is often projected onto the viewer

Goa's Bom Jesus as Visual Culture Vishvesh Prabhakar Kandolkar,2024-11-27 This book chronicles the visual history of the Basilica of Bom Jesus one of the longest surviving churches from Goa's Portuguese colonial era In the sixteenth century this baroque church in Old Goa was constructed to house the sacred relics of St Francis Xavier and is emblematic of Goa Dourada or Golden Goa Despite their early modern origins monuments like the Basilica continue to influence visual culture that pertains to Goa Accordingly this book uncovers the traces of architectural images of Goa's sixteenth and seventeenth century monuments and conducts a genealogical study of how uses of religious architecture shift over time Thus even as the Basilica originally functioned to portray or recall a grand empire by evoking the notion of Goa Dourada its iconicity has been employed in marking Goa's difference from the rest of India thereafter By employing an analysis of historical texts illustrations photography film and pageantry this volume demonstrates how the image of the Basilica has been employed to create a discourse on Goan identity In fact right from the colonial period when Goa was heralded as the Rome of the East to the post Portuguese period when Goa became an idyllic destination for leisure tourism architectural images of Bom Jesus have been central in shaping Goa's identity Goa's Bom Jesus as Visual Culture will be useful to students and educators in the fields of architecture history anthropology sociology history of architecture and colonial postcolonial studies Finally the long history of a single monument that the book documents highlights how Goans have been shaping their unique culture At the same time as Goans imbibed Portuguese and other European influences they also domesticated and remade such colonial heritage in South Asian fashion and in turn contributed to global aesthetics

Jesuit Missions in Coastal and South India (1543-1773) Ines G. Županov,2025-03-03 Jesuit missions in coastal and South India were among the first foundations of the Society of Jesus in the world They represented models of apostolic action imitated debated and reformulated in other parts of the world This book traces the history of the Jesuit missionary activities in the early modern period and shows how the Jesuits navigated European colonial interests and local conversion to Christianity through proselytizing and accommodation Jesuit missionary efforts were pragmatically divided between disciplining Portuguese and later on French colonial communities and attracting converts living among regional polities under Muslim and Hindu rulers

Parish Churches in the Early Modern World Andrew Spicer,2016-12-05 Across Europe the parish church has stood for centuries at the centre of local communities it was the focal point of its religious life the rituals performed there marked the stages of life from the cradle to the grave Nonetheless the church itself artistically and architecturally stood apart from the parish community It was often the largest and only stone built building in a village it was legally distinct being subject to

canon law as well as consecrated for the celebration of religious rites The buildings associated with the cure of souls were sacred sites or holy places where humanity interacted with the divine In spite of the importance of the parish church these buildings have generally not received the same attention from historians as non parochial places of worship This collection of essays redresses this balance and reflects on the parish church across a number of confessions Catholic Lutheran Reformed and Anti Trinitarian during the early modern period Rather than providing a series of case studies of individual buildings each essay looks at the evolution of parish churches in response to religious reform as well as confessional change and upheaval They examine aspects of their design and construction furnishings and material culture liturgy and the use of the parish church While these essays range widely across Europe the volume also considers how religious provision and the parish church were translated into a global context with colonial and commercial expansion in the Americas and Asia This interdisciplinary volume seeks to identify what was distinctive about the parish church for the congregations that gathered in them for worship and for communities across the early modern world

Transcultural Histories of Art and Artisanal Epistemologies Claire Farago, Susan Lowish, Jens Baumgarten, 2025-08-11 This edited volume de familiarizes European conceptions of artistry and thinks its history anew It represents a rethinking on a global stage of some of the most fundamental assumptions in what were once arguably helpful methodological tools in art history As chapters in this book demonstrate the category of artisanal knowledge opens up the history of culture allowing discourse to be freed from a narrative of cultural development without excluding Art with a capital A from consideration Our shared inquiry approached through many different case studies involving many kinds of data and contexts focuses attention on methodological aspects Each chapter provides a sustained meditation on artisanal knowledge that includes intellectual social economic and political factors without relying on universals monolithic categories hierarchies of genre and medium or the use of binaries least of all the global local binary As different as they are from one another all the chapters in this book ask about various connectivities among peoples ideas things The book will be of interest to artists critics curators and scholars working in art history museum studies history material culture studies performance studies eco criticism Latin American studies colonial studies religious studies anthropology and Indigenous studies

The Arabian Seas: The Indian Ocean World of the Seventeenth Century Rene J. Barendse, 2016-07-08 The Arabian Seas is a magisterial work on the world political economy trade war power that explores the intersect of the worlds of Islam including South and Southeast Asia the Middle East and East Africa and the European world economy particularly the seafaring Portuguese Dutch and British on the eve of the modern world system It is likely to become a classic in its field and one of the pillars of the emerging literature in recent years that has begun to recast our understanding of the early modern history of Asia and the world economy underlining the early and long predominance of Asia in the world economy and showing the long and deep ties between European and Asian economic and military interactions This work centrally addresses current debates on the nature of the early modern world system and the

relative strengths of East and West There are no competitors for this book but it may be compared with Braudel's masterful studies of the Mediterranean in the sense that it does for the Arabian Seas Indian Ocean World spanning South Asia the Middle East and the East African Coast and beyond what Braudel did for the Mediterranean [The Cambridge History of Seventeenth-Century Music](#) Tim Carter, John Butt, 2005-12-22 The Cambridge History of Seventeenth Century Music seeks to provide the most up to date knowledge on seventeenth century music together with a vital questioning of the way in which such a history can be told or put together for our present purposes Written by a distinguished team of experts in the field the chapters not only address traditional areas of knowledge such as opera and church music but also look at the way this extremely diverse and dynamic musical world has been categorised in the past and how its products are viewed from various cultural points of view While this history does not depart entirely from the traditional study of musical works and their composers there is a strong emphasis on the institutions cultures and politics of the age together with an interrogation of the ways in which music related to contemporary arts sciences and beliefs [Mārg](#) ,1995 **Manila, 1645** Pedro Luengo, 2020-10-08 Manila 1645 reconstructs what the city of Manila was like before the earthquakes of the mid seventeenth century The book demonstrates the importance of addressing the history of Southeast Asia as a multi layered framework rather than a series of entangled histories In doing so Manila is contextualized not merely as a Spanish settlement connected to New Spain via America but instead within Southeast Asia situated between the Chinese and the Sul Seas and located in the centre of commercial routes used by Armenian Dutch and Portuguese traders This historical and geographical context is crucial to understanding later cultural dialogues Urban planning housing and architecture and social networks in the city are also examined The book will appeal to students and scholars interested in early modern history global history and architectural history [Mārg](#) , [India & Portugal](#) José Pereira, Pratapaditya Pal, 2001 With special reference to Goa India contributed articles *The Times of India Annual* ,1970 *The Third Culture* Alberto de Noronha, 2006 With reference to Goa India **Guide to Indian Periodical Literature** ,1980 [Journal](#) Asiatic Society of Bombay, 1968 **Seminar** ,2004 **Art of India** Frederick M.
