Bartok's String Quartets:

Bartók's String Quartets János Kárpáti, 1975 Bela Bartok's string quartets are key works in them is reflected the stylistic development not only of his own art but of the music of a whole age the twentieth century and also of the string quartet genre itself Each of the six string quartets represents a milestone in Bartok's creative path They offer a faithful and comprehensive picture of the various periods in the composer's creative development each bears the characteristic marks of these periods showing as they do the direction taken by Bartok's orientations the various influences and his own individual original methods János Kárpáti's monograph on the one hand sets these works against the background of the whole history of the string quartet as a genre thus indicating their position as the direct continuation of the late Beethoven quartets and on the other hand it presents an exposition of the factors involved in Bartok's art the trace of the influence of art music and folk music of predecessors and contemporaries placing Bartok at the head of the twentieth century masters as the distillation and summary of all that preceded him Dust jacket *The String Quartets of Béla Bartók* Dániel Péter Biró, Harald Krebs, 2014-04-25 Bela Bartok 1881-1945 was one of the most important composers and musical thinkers of the 20th century His contributions as a composer as a performer and as the father of ethnomusicology changed the course of music history and of our contemporary perception of music itself At the center of Bartok's oeuvre are his string quartets which are generally acknowledged as some of the most significant pieces of 20th century chamber music The String Quartets of Bela Bartok brings together innovative new scholarship from 14 internationally recognized music theorists musicologists performers and composers to focus on these remarkable works from a range of theoretical and methodological perspectives Focusing on a variety of aspects of the string quartets harmony and tonality form rhythm and meter performance and listening it considers both the imprint of folk and classical traditions on Bartok's string quartets and the ways in which they influenced works of the next generation of Hungarian composers Rich with notated music examples the volume is complemented by an Oxford Web Music companion website offering additional notated as well as recorded examples The String Quartets of Bela Bartok reflecting the impact of the composer himself is an essential resource for scholars and students across a variety of fields from music theory and musicology to performance practice and ethnomusicology **Thematic, Formal, and Tonal Structure of the Bartok String Quartets** Mark Fesler Walker, 1955 **Bartok - String Quartets (complete)**. , *The String Quartets of Béla Bartók* Mátyás Seiber, 1945 *The String Quartets of Bela Bartok Complete* Bela Bartok, 2004-06 Boosey Hawkes Scores Books Hardbound *Bartók*, 1991 [The String Quartets of Bela Bartok](#) George Perle, 1967 [Béla Bartók String Quartets](#) Joel Berman, 2006 **String quartets nos. 1 and 2** Béla Bartók, 2004-01-01 Acclaimed as the most important quartets since Beethoven the six string quartets of Bela Bartok offer a summation of the composer's compositional style and development and they constitute one of the great monuments of twentieth century music This outstanding new volume unites the first two of Bartok's chamber masterpieces The stirring first

quartet written in 1908 captures the composer's great stylistic rebirth as the intense Romanticism of the opening movement gives way to a propulsive finale reflecting the composer's growing interest in Hungarian folk music. The second quartet written during World War I finds Bartók's creativity unimpeded by wartime privations. The three-movement work echoes the meditative qualities of the first quartet in its outer movements but its lively central movement suggests the traditional music of North Africa. A combination of boldly disparate influences, it remains a work of astonishing force and originality. **The String Quartets of Béla Bartók** Mátyás Seiber, 1945 *The string quartets of Béla Bartók* Béla Bartók, 1945
