Church Quarterly Review ,1916 *The Church-Idea An Essay Towards Unity* William Reed Huntington, 2023-01-27 William Reed Huntington a pioneer of the modern ecumenical movement wrote this persuasive and impassioned plea for unity in 1879 It ultimately led to the Chicago Quadrilateral the Episcopal Church s first statement about ecumenism Now as many Christians are considering how they might affiliate with those in other denominations Huntington s book gains contemporary relevance But ecumenical conversations about unity often get bogged down in resolving endless details Huntington crystallized the discussion proposing only four essential views for uniting all Christian churches 1 Holy Scripture is the Word of God 2 the Nicene and Apostle s Creeds are the rule of faith 3 there are two sacraments baptism and eucharist ordained by Christ and 4 the Episcopate is the keystone of governmental unity In *The Church Idea* Huntington addresses the importance of uniting not only the Protestant churches with each other but Protestant churches with the Roman Catholic Church as well It is a plea that is historically significant prophetic and much needed today Print ed [The Church Overseas](#) ,1930 *Unity* ,1918 **The Church of Christ, in Its Idea, Attributes, and Ministry** Edward Arthur Litton, 1859

Ward, 1986-11-19 Not much attention has been given to Dostoyevsky s concern with the crisis of the modern West although allusions to almost every aspect of Western civilization including the political economic and social dimensions are present in his literary works and abound in his secondary writings This book points the way to a better understanding of the apparent contradiction between Dostoyevsky s concern with the highest reaches of human spirituality and at the same time with the most detailed developments in domestic and international politics Ward argues that the apparent polarization of religious thought and political analysis of the West are held together for Dostoyevsky in his search for the best human order He demonstrates not only that Dostoyevsky s

observations about the West constitute a coherent critique intimately related to the deepest aspects of his thought but also that these can be rendered more systematic and explicit What results is an incisive account of both the religious and the political thought of Dostoyevsky which helps clarify what Dostoyevsky which helps clarify what Dostoyevsky can teach us about the modern situation of the Western world and about the problem of human order in general for as the author states it was Dostoyevsky s great virtue as a thinker always to see the pressing issues of his particular time and place in the light of the everlasting problems *Bulletin ...* University of Washington,1910 **The Churchman** ,1915 **Annual Session of the Baptist Congress for the Discussion of Current Questions, Held at ...** ,1909 **Proceedings of the Third Ecumenical Methodist Conference Held in City Road Chapel, London, September 1901** ,1901
