Church Universal Triumphant:

The Church Universal and Triumphant Bradley C. Whitsel, 2003-03 Bradley Whitsel's vivid account of the Church Universal Triumphant CUT from its modest origin as a tiny fragment of the esoteric community to its growth into a wealthy and formidable organization in the 1960s and early 1970s constitutes one of the most compelling stories to emerge from the larger movement of American religion. Founded in 1958 by the charismatic Mark Prophet and subsequently headed by his wife Elizabeth Clare Prophet, the Church combines New Age beliefs with an anti-Communist mindset based on the conviction that America was imperiled by left-wing enemies. In his deft examination of the group's evolution, Whitsel uses internal church documents as well as other resources to trace CUT's development of a dark apocalyptic division. He places the Church Universal and Triumphant within the context of other millennial groups sharing a similar psychology of crisis and disaster and analyzes the church's interactions with its political environment. This book will appeal to general readers as well as political scientists and sociologists specializing in the fields of political sociology, millennialism, and radical religious movements.

Church Universal and Triumphant James R. Lewis, Gordon J. Melton, 1994-05-31 Church Universal and Triumphant is a new religious movement in the Theosophical tradition. Since moving its headquarters to Montana in the early 1980s, the Church has frequently been in the news for everything from illegal weapons purchases to the construction of controversial fallout shelters. Most recently, it has been sensationalized in the media as the next Waco. During the summer of 1993, a team of academic specialists conducted a unique interdisciplinary study of this movement to, in part, determine whether the general public perception of this fascinating new religion was accurate. This volume reports the results of that study.

Sacred Wonderland Thomas S. Bremer, **The Seven Chohans** Elizabeth Clare Prophet, 1973-12-31 Wolves Within the Fold Anson D. Shupe, 1998 Wolves within the Fold is the first collection of new articles dealing with abuse of authority by religious leaders and the victimization of their parishioners. The power of religion as a symbolic salvation promising enterprise resides in its authority to create and shape reality for believers and command their obedience. This power can inspire tremendous acts of human kindness, charity, compassion, and hope. But witch hunts, inquisitions, crusades, and pogroms show us how religious authority can be used for far darker purposes. This abuse of power by religious authorities at the expense of their followers is termed clergy malfeasance by editor Anson Shupe and examined by the contributors to Wolves within the Fold. The essays provide an innovative examination of behavior that is sometimes illegal and always unethical, sometimes punished but often not. Topics range from a cultural study of Aum Shinrikyo, the Japanese apocalyptic group now infamous for releasing lethal gas into the Tokyo subway system, to a sociological analysis of financial scandals among evangelical religious groups. Groups analyzed include the Roman Catholic Church, Protestant denominations, televangelists, and the Hare Krishnas.
