The Beatles as Musicians Walter Everett,1999 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to tong hair and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources

The Beatles Illustrated Lyrics Beatles,1991 The only major collection of illustrated Beatles lyrics in book form this commemorative edition features autobiographical comments and quotes from the Fab Four interpretation of the lyrics from 206 songs lavish full color illustrations and specially commissioned photographs
