Total Travel GUIDE COMPANY, 2019-04-17 The Best and Most Unique Cuba Travel Guide Cuba is the largest island in the Caribbean and home to about 11 million Cubans This is a truly unique place which most of you know because of our famous history and infamous regime However Cuba is so much more than what makes it to the media or in the press Contrary to popular belief it s a very welcoming place and tourists are always made to feel at home or as a very important guest of our little island Cuba has developed at a different pace than any other country in the world Life on the island is filled with

rhythms of music charismatic people a unique culture idyllic countryside and tropical beaches Cuba never ceases to amaze tourists and locals alike with its fading colonial architecture classic cars and delicious food and flavorful rum When you walk the streets of Cuba you will notice an appreciation for art and culture like nowhere else in the world Conversely the countryside is home to unspoiled nature that dazzles you with its diversity of flora and fauna You will be surprised to find a different Cuba these days due to a number of factors that are slowly awakening Cuba from its long hibernation in the socialist regime that it endured for a long period of time First of all the Soviet Union collapsed in 1990 which sent Cuba in a financial crisis and then Fidel Castro becoming too old to run the country handed it over to his brother Raul The differences in the style of governing didn't take too long to appear The Cuban people enjoy more freedom everyday There is an unprecedented increase in the private sector with more and more Cubans allowed to venture into owning and operating their own businesses This is also reflected in the provincial areas and the bureaucracy seems to become less troubling for travelers who are getting access to private businesses with the mission of making the process effortless The recent talks about lifting the embargo and improving the US Cuba relationships is a step forward but it's still illegal for Americans to visit Cuba Not because we don't allow it It's the US Government that fines its citizens for visiting this country We'll talk about the visa aspects in a future chapter Let this book guide you to the many places that you must see in Cuba to make this trip a life-changing event This book is filled with suggested places to stay from budget to luxurious places to visit local cuisines to try and places to shop All these suggested itineraries have been experienced first hand and are all highly recommended to tourists Experience a whole new world when you come and visit Cuba In this total guide you will find Areas covered History lessons Best museums Surfing Adventure land off road trips Wildlife spotting Cuba neighborhood Medical Tourism Learn Spanish in Cuba Cooking and drinking Accommodation Staying safe Music Festivities General Information of each area Area Transportation how to get around i.e. car bus taxi train bicycle etc and how much it would cost Sightseeing Best Sights to See Off the Beaten Path Best shopping where are the major shopping districts and what they are known for Bargain Alternatives where the locals shop to avoid the high tourist crowds Things to do recreation outdoor indoor events and festivals Local Food Specialties Farmer's and Fish Meat Markets Locations dates and times of various markets Language Political and Etiquette Considerations What the average tourist should know and how to get along with the locals Type of currency used and types of places that exchange currency Seasonal Considerations Typical high and low temperatures if there is a rainy season if it snows floods or is known for heavy weather So download now this total guide and start traveling as you read
