## **Cuban Carnival:**

Carnival and National Identity in the Poetry of Afrocubanismo Thomas F. Anderson, 2017-04-03 The poetry associated with Afrocubanismo has been of great interest to academics since the movement began in the late 1920s Thomas Anderson's detailed analysis infuses new life into the study of these remarkable works Focusing on the representations of carnival and its comparsas carnival bands and music Carnival and National Identity in the Poetry of Afrocubanismo offers thought provoking new readings of poems by seminal Cuban poets demonstrating how their writings on and about these traditions both contributed to and detracted from the development of a recognizable Afro Cuban identity This volume is the first to examine from a literary perspective the long running debate between the proponents of Afro Cuban cultural manifestations and the predominantly white Cuban intelligentsia who viewed these traditions as backward and counter to the interests of the young Republic Including analyses of the work of Felipe Pichardo Moya Alejo Carpentier Nicol s Guill n Emilio Ballagas Jos Zacar as Tallet Felix B Cagnet Marcelino Arozarena and Alfonso Cam n this rigorous interdisciplinary volume offers a fresh look at the canon of Afrocubanismo and offers surprising insights into Cuban culture during the early years of the Republic

Cuban Festivals Judith Bettelheim, 2001 This work describes how in Brazil Catholic priests and the colonial government as early as 1573 allowed and encouraged the African slaves to celebrate Epiphany and the Festival of the Three Kings

**Cuba** Ted A. Henken, Miriam Celaya, Dimas Castellanos, 2013-10-29 Written by some of the best known independent scholars citizen journalists cyber activists and bloggers living in Cuba today this book presents a critical complete and unbiased overview of contemporary Cuba In this era of ever increasing globalization and communication across national borders Cuba remains an isolated island oddly out of step with the rest of the world And yet Cuba is beginning to evolve via the important if still insufficient changes instituted by Raul Castro who became president in 2008 This book supplies a uniquely independent accurate and critical perspective in order to evaluate these changes in the context of the island's rich and complex history and culture Organized into seven topical chapters that address geography history politics and government economics society culture and contemporary issues readers will gain a broad insightful understanding of one of the most unusual fascinating and often misunderstood nations in the Western Hemisphere

The Chinese in Cuba, 1847-now Mauro García Triana, Pedro Eng Herrera, 2009-01-01 This book deals with Chinese immigrants role in the struggle for Cuban liberation and in Cuba's twentieth century revolutionary social movement the history of the Chinese economy in Cuba and the Chinese contribution to Cuban music painting food sport and language The centerpiece of the book is a translation of a study by Mauro García Triana and Pedro Eng Herrera on the history of the Chinese presence in Cuba Over many years García and Eng have collaborated closely on scholarly research on the Chinese contribution to Cuban life and politics although their work is not widely known Both are well equipped for such an enterprise Eng as a Cuban of Chinese descent and a participant in the ethnic Chinese revolutionary movement in Cuba starting in the 1950s García as a participant in the struggle against Batista and Cuban

Ambassador to China during the period of the Cultural Revolution The study is supplemented by an extensive collection of archival photographs and of paintings on Cuban Chinese themes by Pedro Eng who is not just a chronicler of the community but a well known worker artist who paints in a style described by commentators as naive The volume has three appendices excerpts from the Cuba Commission s 1877 report on Chinese emigration to Cuba the rebel leader Gonzalo de Quesada y Arstegui s pamphlet The Chinese and Cuban Independence translated from his book *Mi primera ofrenda* My first offering first published in 1892 and the chapter on Coolie Life in Cuba from Duvon Clough Corbitt s *Study of the Chinese in Cuba* 1847 1947 Wilmore 1971 **The Cuba Review** ,1925 **Geographies of Cubanidad** Rebecca M. Bodenheimer,2015-07-10 Derived from the nationalist writings of Jos Mart the concept of Cubanidad Cubanness has always imagined a unified hybrid nation where racial difference is nonexistent and nationality trumps all other axes identities Scholars have critiqued this celebration of racial mixture highlighting a gap between the claim of racial harmony and the realities of inequality faced by Afro Cubans since independence in 1898 In this book Rebecca M Bodenheimer argues that it is not only the recognition of racial difference that threatens to divide the nation but that popular regional sentiment further contests the hegemonic national discourse Given that the music is a prominent symbol of Cubanidad musical practices play an important role in constructing regional local and national identities This book suggests that regional identity exerts a significant influence on the aesthetic choices made by Cuban musicians Through the examination of several genres Bodenheimer explores the various ways that race and place are entangled in contemporary Cuban music She argues that racialized notions which circulate about different cities affect both the formation of local identity and musical performance Thus the musical practices discussed in the book including rumba timba eastern Cuban folklore and son are examples of the intersections between regional identity formation racialized notions of place and music making Times of Cuba ,1915 **Tito Puente** Jim Payne,2006 Book Biography of the legendary Tito Puente and a brief history of Afro Cuban salsa music that he popularized throughout the world A 2 hour DVD includes Tito discussing his incredible 50 year career as a band leader and the influence of other musicians from Cachao to Celia Cruz to Santana had on him It also features Tito soloing on his legendary gold timbales The book includes a discography and 50 archival photos *The Cuba Review and Bulletin* ,1915 **The Encyclopedia of Caribbean Religions** Patrick Taylor, Frederick I. Case,2013-04-30 The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective Generously illustrated this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever changing and varied historical phenomenon Organized alphabetically entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world Systematically organized by theme and area the encyclopedia considers religious traditions such as Vodou Rastafari Sunni Islam Sanatan Dharma Judaism and the Roman Catholic and Seventh day Adventist churches Detailed

subentries present topics such as religious rituals beliefs practices specific historical developments geographical differences and gender roles within major traditions Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society in the Caribbean diaspora and in wider national and transnational spaces
