2005 CHOICE Outstanding Academic Title Bashō's Haiku offers the most comprehensive translation yet of the poetry of
Japanese writer Matsuo Bashō 1644-1694 who is credited with perfecting and popularizing the haiku form of poetry One of the
most widely read Japanese writers both within his own country and worldwide Bashō is especially beloved by those who
appreciate nature and those who practice Zen Buddhism Born into the samurai class Bashō rejected that world after the death
of his master and became a wandering poet and teacher During his travels across Japan he became a lay Zen monk and
studied history and classical poetry His poems contained a mystical quality and expressed universal themes through simple
images from the natural world David Landis Barnhill's brilliant book strives for literal translations of Bashō's work arranged
chronologically in order to show Bashō's development as a writer Avoiding wordy and explanatory translations Barnhill
captures the brevity and vitality of the original Japanese letting the images suggest the depth of meaning involved Barnhill
also presents an overview of haiku poetry and analyzes the significance of nature in this literary form while suggesting the
importance of Bashō to contemporary American literature and environmental thought **In the Wake of Bashō** Yury
