## **Cider House Rules:**

**The Cider House Rules** John Irving, 1999-11-03 First published in 1985 *The Cider House Rules* is John Irving's sixth novel. Set in rural Maine in the first half of this century, it tells the story of Dr. Wilbur Larch, saint and obstetrician, founder and director of the orphanage in the town of St. Cloud, an ether addict and abortionist. It is also the story of Dr. Larch's favorite orphan, Homer Wells, who is never adopted.

**Feminism's Progress** Carol Colatrella, 2023-08-01 *Feminism's Progress* builds on more than fifty years of feminist criticism to analyze narrative representations of feminist ideas about women's social roles, gender inequities, and needed reforms. Carol Colatrella argues that popular novels, short stories, and television shows produced in the United States and Britain, from *Little Dorrit* and *Iola Leroy* to *Call the Midwife* and *The Closer*, foster acceptance of feminism by optimistically illustrating its prospects and promises. Scholars, students, and general readers will appreciate the book's sweeping introduction to a host of concerns in feminist theory while applying a gender lens to a wide range of literature and media from the past two centuries. In exploring how individuals and communities might reduce bias and discrimination and ensure gender equity, these fictions serve as both a measure and a means of feminism's progress.

*John Irving* Josie P. Campbell, 1998-11-24 One of America's most noted contemporary novelists, John Irving has created a body of fiction of extraordinary range, moving with ease from romance to fairytale to thriller. Although his fiction follows in the tradition of the great 19th-century world novelists, he is a quintessential American writer; his novels are laced with broad humor, farce, and absurd situations. He does not hesitate to tackle the troubling issues that have faced our nation in the past few decades, such as war, racism, sexism, abortion, violence, and AIDS. This study offers a clear, accessible reading of Irving's fiction. It analyzes in turn all of his novels, from *Setting Free the Bears* (1968) to his newest novel, *A Widow for One Year* (1998). It also provides the reader with a complete bibliography of Irving's fiction, as well as selected reviews and criticism. Following a biographical chapter on Irving's life, an overview of his fiction explores his work in light of his literary heritage and use of a variety of genres. Each of the following chapters examines an individual novel: *Setting Free the Bears* (1968), *The Water Method* (1972), *The 158 Pound Marriage* (1973), *The World According to Garp* (1976), *The Hotel New Hampshire* (1981), *The Cider House Rules* (1985), *A Prayer for Owen Meany* (1989), *A Son of the Circus* (1994), and *A Widow for One Year* (1998). The discussion of each novel includes sections on plot and character development, thematic issues, and a new and fresh critical approach from which to read the novel. Campbell explores the great moral range in Irving's novels. She shows that all his novels deal with a character's quest to discover the self, a journey of raw energy that touches us because we recognize it as our own. This study will help readers appreciate the experimental fiction that is Irving's trademark and his ability to capture the essence of American life in the last part of the twentieth century.
