Dada Spirit:

Drawing on Art Dalia Judovitz, Marcel Duchamp, 2010 This volume explores the central importance of appropriation collaboration influence and play in French artist Marcel Duchamp's 1887-1968 work and in Dada and Surrealism in general to show how the concept of art itself became the critical fuel and springboard for questioning art's fundamental premises Duchamp was a French artist whose work is most often associated with the Dadaist and Surrealist movements The author maintains that rather than simply negating art Duchamp's readymades Duchamp's readymades are ordinary manufactured objects that the artist selected and modified as an antidote to what he called retinal art and later works including films and conceptual pieces demonstrating the impossibility of defining art in the first place Through his readymades Duchamp explicitly critiqued the commodification of art and inaugurated a profound shift from valuing art for its visual appearance to understanding the significance of its mode of public presentation Curious Disciplines Sarah Hayden, 2018-04-15 The transnational modernist Mina Loy 1882-1966 embodied the avant garde in many literary and artistic media This book positions her as a theorist of the avant garde and of what it means to be an artist Foregrounding Loy's critical interrogation of Futurist Dadaist Surrealist and Degenerate artishood and exploring her poetic legacies today Curious Disciplines reveals Loy's importance in an entirely novel way Examining the primary texts produced by those movements themselves their manifestos magazines pamphlets catalogues and speeches Sarah Hayden uses close readings of Loy's poetry prose polemics and unpublished writings to trace her response to how these movements wrote themselves collectively into being **The Dada Spirit** Emmanuelle de L'Ecotais, 2002 Dada This onomatopoeia suggesting a child's babbling started one of the most important mutations in the history of art But what is Dada Born of the First World War Dada is a movement bringing together both artists and writers From Zurich in 1916 it spread rapidly to New York Berlin Hanover Cologne and finally to Paris where it died in 1924 Because of the diversity of its creations the Dada movement is not an ism of the art world there is no Dada style although a single spirit does govern the works of this movement which is at once anti conformist anti bourgeois and above all anti artistic **20th-century Type** Lewis Blackwell, 2004 **The Writings of Robert Motherwell** Robert Motherwell, 2023-11-15 Robert Motherwell 1915-1991 one of the leading American Abstract Expressionist painters was also a theorist and exponent of the movement His writing articulated the intent of the New York school Jackson Pollock Willem de Kooning Adolph Gottlieb Franz Kline Arshile Gorky and others during a period when their work was often reviled for its departure from traditional representation As founder of the Documents of Modern Art series later renamed the Documents of Twentieth Century Art Motherwell gave modern artists a voice at a time when very few people understood their theories or work This authoritative new edition of the artist's writings about art includes public lectures essays and interviews Impeccably edited with an informative introductory essay and rigorous annotation it is illustrated with black and white images that elucidate Motherwell's writings Robert Motherwell 1915-1991 one of the leading American Abstract

Expressionist painters was also a theorist and exponent of the movement His writing articulated the intent of the New York school Jackson Pollock Willem de Kooning Adolph Gottlieb F **Letter Perfect** David Ryan,2001 Letter Perfect explores the artistic facet of the style arrangement appearance and recent accelerated evolution of typeset matter primarily through the medium of posters **Understanding Nietzsche, Understanding Modernism** Brian Pines,Douglas Burnham,2019-02-21 Friedrich Nietzsche believed his own work represented the dawning of a new historical era and despite the fact that he lived most of his sane life suffering in obscurity it is not an exaggeration to say that his vision helped lay the foundations for modernism in style substance and attitude Nietzsche was himself devoted to the modern for he reinterpreted every philosophy every historical figure and event every movement that came before him This reconceptualization of the past through new modern eyes opened up Nietzsche s thinking to exploring daring possibilities for the future This prophetic boldness which is so unique to his style seduced the modernist generation across the spectrum He was read by early Zionists as well as by Nazi racial theorists by Thomas Mann and as well as by Salvador Dali His influence stretched from psychoanalysis to anarchist politics Understanding Nietzsche Understanding Modernism traces the effect of Nietzsche s thinking upon a diverse set of problems from ontology to politics to musical and literary aesthetics The first section of the volume is a series of essays each exploring a major work of Nietzsche s explaining its significance while contributing new interpretations of the text The middle portion connects Nietzsche s thought to the various strands of modernism in which it reveals itself The final section is a glossary of key terms that Nietzsche uses throughout his works An excellent resource for any scholar attempting to conceptualize the foundations of modernism or the historical importance of Nietzsche this volume seeks to outline the philosopher s works and their reception amongst the generations that immediately followed his passing

Le Tumulte Noir Jody Blake,1999-01-01 Jody Blake demonstrates in this book that although the impact of African American music and dance in France was constant from 1900 to 1930 it was not unchanging This was due in part to the stylistic development and diversity of African American music and dance from the prewar cakewalk and ragtime to the postwar Charleston and jazz Successive groups of modernists beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s constructed different versions of la musique and la danse negre Manifested in creative and critical works these responses to African American music and dance reflected the modernists varying artistic agendas and historical climates *Dada Surrealism* ,1985 **Forbes** ,1995 **Cross Currents** ,1991
