Samuel Rutherford Crockett

Daffodil Wind:

Daffodil Helen O'Neill, 2016-04-01 A beautifully illustrated visually lush and intriguing book about the world's most popular and most powerful flower. The daffodil is the beautiful first flower of spring, the inspiration of poets, a treasure trove to scientists, and a symbol of everything from unrequited love, rebirth, eternal life, and misfortune. Over centuries, the daffodil has been so many things to so many people it was called Narcissus by the Greeks and prized by the Romans as a guarantee of passage to the Underworld; it was used by medieval Arabs and ancient Chinese for its medicinal properties, and it has inspired poets, lovers, artists, and scientists down the ages. But in telling the story of the daffodil, what award-winning best-selling writer Helen O'Neill is really telling is the story of humanity. It's a narrative of progress from superstition and myth-taking in politics, greed, religion, science, chance, redemption, and love. But appropriately enough for a flower that is now used on a worldwide basis to raise funds for cancer research, it is above all a story of hope. Moving, fascinating, eloquent, and also beautiful, O'Neill manages to make a biography of a flower feel like something of a detective novel, love story, historical drama, and horticultural research paper rolled into one.

This early work by William Morris was originally published in 1899 and we are now republishing it with a brand new introductory biography. William Morris was born in London, England, in 1834. Arguably best known as a textile designer, he founded a design partnership which deeply influenced the decoration of churches and homes during the early 20th century. However, he is also considered an important Romantic writer and pioneer of the modern fantasy genre, being a direct influence on authors such as J.R.R. Tolkien. As well as fiction, Morris penned poetry and essays. We are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.
