

ARTIST BIO & ARTIST STATEMENT

ARTISTS OF ALL AGES

What's the difference between an Artist Biography and an Artist Statement?

You're about to find out! Here you'll find tips and tricks for writing your **Artist Bio** and **Artist Statement**, and how to differentiate between the two.

An **Artist Bio** tells the reader about your journey as an artist, including who you are, the unique experiences that have impacted your work, and where you've shown your work (if relevant).

When Writing an Artist Bio, be sure to include...

- **Your name and medium you work in** - this should be at the very start of your bio!
- **Information about your location, including:** where you currently live and where you're from - you can also include how your surroundings impact your art practice, if that's relevant to the work you're doing
- **Key themes that you explore in your art** - you do not have to go in-depth here, save the details for your artist statement!
- **An overview of your experience, including:** how long you've been creating art, where you studied, and your work experience if it relates to your art practice. If your current job does not directly relate to your art career, you do not need to include this information.
- **Significant awards, achievements, or exhibitions** - again, you do not have to go in depth here - you should summarize this in 1-3 sentences
