

A vibrant, abstract painting of a face. The face is composed of various colors including purple, blue, green, and red, with thick, expressive brushstrokes. Two large, brown eyes with black pupils are prominent, looking directly forward. The overall style is reminiscent of modernist or expressionist art.

Art Song:

Art Song Carol Kimball, 2013-05-01 Book *Art Song Linking Poetry and Music* is a follow up to author Carol Kimball's bestselling *Song A Guide to Art Song Style and Literature*. Rather than a general survey of art song literature, the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings. Topics covered include poetry basics for singers, exercises for singers in working with poetry, insights into composers' musical settings of poetry, building recital programs, performance suggestions, and recommended literature for college and university classical voice majors. The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions. *Art Song Linking Poetry and Music* is extremely useful as an unofficial text for college/university vocal literature classes, as an excellent resource for singers and voice teachers, and of interest to all those who are fascinated by the rich legacy of the art song genre. **A Singer's Guide to the American Art Song: 1870-1980** Victoria Etnier Villamil, 2004-10-05 New in Paperback 2004. Probably the most comprehensive work on the American art song ever available, this book considers the lives and contributions of 144 significant composers in the field, including many for whom information has been extremely scarce. Most composers' entries consist of a biographical sketch, a brief discussion of his or her song writing characteristics with emphasis on performers' concerns, a partial or complete listing of annotated songs, recording information, and the composer's individual bibliography. Song annotations include poet, publisher, date of composition (when known), voice type, range, duration, tempo, indication, mood, subject matter, vocal style, special difficulties, general impression, artists who have recorded the song, and any other pertinent information. Thirty composers whose contributions are deemed of lesser import are summarized in brief essays. Appendixes include a supplement of recommended songs, a listing of American song anthologies and their contents, and the most recent information regarding publishers cited in the guide. There is also a general discography, a general bibliography, and indexes for both titles and poets. Documenting the most important 110 years in the development of American art song, this book is an indispensable tool for singers, teachers, coaches, accompanists, and libraries. **Exploring Art Song Lyrics** Jonathan Retzlaff, 2012-05-11. Drawing generously from four centuries of Italian, German, and French art song, *Exploring Art Song Lyrics* embraces the finest of the literature and presents the repertoire with unprecedented clarity and detail. Each of the over 750 selections comprises the original poem, a concise English translation, and an IPA transcription which is uniquely designed to match the musical setting. Enunciation and transcription charts are included for each language on a single, easy-to-read page. A thorough discussion of the method of transcription is provided in the appendix. With its wide-ranging scope of repertoire and invaluable tools for interpretation and performance, *Exploring Art Song Lyrics* is an essential resource for the professional singer, voice teacher, and student. *Art Song in the United States, 1759-1999* Judith E. Carman, William K. Gaeddert, Rita M. Resch, 2001-12-04. Originally created as a teaching tool, this bibliography has taken on a
