Bush Haters Handbook:

The Bush-hater's Handbook Jack Huberman,2004 The Bush Hater s Handbook is a godsend to those looking for a concise mordantly entertaining overview of the Bush record

The GOP-Hater's Handbook Jack Huberman,2007-11-16 The GOP Hater s Handbook is a godsend to those looking for a concise scary and darkly entertaining overview of the Grand Old Party record from a liberal perspective or those who want to arm themselves with talking points facts and figures for debates with conservatives and for those seeking the perfect holiday gift book for that certain special GOP hater in their lives or for a Republican they hope to rescue from the outer darkness Summarizing detailing and bewailing all of the more important Republican outrages and some of the more trivial ones The GOP Hater s Handbook is the brainchild of Jack Huberman author of the bestselling *The Bush Hater s Handbook* a former Canadian who took up U S citizenship just so he could vote against Dubya in 2000

The American Voter: Stupid and Ignorant Walt Kienia,2015-02-08 Since Eve stupid people have existed and multiplied Far too many stumble through life fortunate that breathing is involuntary with ignorance and without common sense It is not surprising then that they bring their brainless way of life to the voting arena The American Voter Stupid and Ignorant takes an anecdotal historical and statistical look at how the voters from Eisenhower to Obama through the eyes of the professionals and nonprofessionals who have reported on this nonsense have stumbled into a voting booth with only slightly more cognitive ability than a vegetable God Bless America

Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith,2006-10-12 In the wake of the 2004 election pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake People on both sides of the political divide believed this was the key to victory for George W Bush who professes a deep and abiding faith in God While some fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington s first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln s religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

The Nation ,1928

Bankrupt David Limbaugh,2007-08-28 Argues that the Democratic Party has

besmirched the president's character undermined worthy Republican efforts and veered away from its historical practices and roles

Culturally Incorrect Rod Parsley, 2009-04-08 Parsley exposes the failure of the current generation of believers to engage the culture present a relevant gospel and lead influence through service and paints a vivid picture of the cost and implications of that failure Parsley explains how the culture wars have entered a new critical phase for the United States and discusses the areas in which this war is being fought Cultural Scientific Geopolitical Media and Academia He presents an understanding of the paradigms assumptions and values that animate the humanist secularist and neo pagan enemies of Christianity in America and offers a strategy for winning this war what he calls a New Great Awakening and how evangelism social action and the engagement of culture fit into that plan

Attack Politics Emmett H. Buell, Lee Sigelman, 2008 Ask most Americans and they'll tell you that presidential campaigns get dirtier and more negative with every election This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn't increased

Bush on the Couch Rev Ed Justin A. Frank, 2007-10-23 With the Bush administration in permanent crisis a renowned Washington psychoanalyst updates his portrait of George W's public persona and how it has damaged the presidency Insightful and accessible courageous and controversial Bush on the Couch sheds startling new light on George W Bush's psyche and its impact on the way he governs tackling head on the question few seem willing to ask Is our president psychologically fit to run the country With an eye for the subtleties of human behavior sharpened by thirty years of clinical practice Dr Justin A Frank traces the development of Bush's character from childhood through his presidency identifying and analyzing his patterns of thought action and communication The result is a troubling portrait filled with important revelations about our nation's leader including disturbing new insights into How Bush reacted to the 2006 Democratic sweep in Congress with a new surge of troops into Iraq His telling habits and coping strategies from his persistent mangling of English to his tendency to go blank in the midst of crisis The tearful public breakdown of his father George H W Bush and what it says about the former president's relationship to his prominent sons The debacle of Katrina the moment when Bush's arrogance finally failed him With a new introduction and afterword Bush on the Couch offers the most thorough and candid portrait to date of arguably the most psychologically damaged president since Nixon

The Bulletin, 2004 *Adbusters*, 2005 **The Publishers Weekly**, 1902 **Bushed!** Walter C. Clemens, Jr., 2004 Bushed is a revealing analysis of the intent and consequences of the policies of President George W Bush Comprised of 15 Chapters 264 pages the book covers the first three years of the Bush Administration from its Manifest Destiny to Post War Iraq Bushed contains more than 170 brilliant political cartoons by the Pulitzer Prize winning Miami Herald editorial cartoonist Jim Morin The illustrations are matched with the insightful text provided by Dr Clemens the distinguished professor of International Relations from Boston University

Philosophy and Social Action, 2004 *Javnost*, 2007 **Towel Snapping the Press** James E. Mueller, 2006-05-25 Towel Snapping the Press follows the president's lifelong association with the press

showing how he has developed and over the years modified his tactics During Bush s early years in the public eye the press did not scrutinize him but as president he became a subject of intense analysis Still many reporters find the president s disposition charming even while they are frustrated by his message discipline and rigid control of press access to administration sources This book not only presents interesting stories about the president from reporters points of view but also raises important issues that any civically engaged citizen will want to explore **The Spokesman** ,2007 **The New Yorker** ,2004 *The Economist* ,2004 [Elephant's Edge](#) Andrew J. Taylor,2005-08-30 Explains how the foundations of long term Republican advantage are being solidified in a clear narrative from which members of both parties can learn valuable lessons
