David Ervine:

Conflict at the Interface Bert Preiss,2020-02-18 More than two decades after the Northern Ireland peace agreement conflict still flares between deprived Protestant Unionist Loyalist and Catholic Nationalist Republican working class interface communities who remain divided by numerous peace walls In light of Brexit the Irish border issue and the power sharing impasse progress in local peacebuilding has stalled This might even jeopardise the overall peace process Within this context this book explores largely empirically the nature and causes of conflict at the interface An attempt is also made to provide an outlook on peace in Northern Ireland and to highlight potential lessons for other conflict ridden divided societies UVF - The Endgame Henry McDonald,Jim Cusack,2016-06-30 Now that Northern Ireland's troubles appear to be over with old enemies the DUP and Sinn F in sharing power what will happen to the hard men of loyalism The Ulster Volunteer Force emerged during the first sparks of Northern Ireland's Troubles in the mid 1960s Their campaign of violence quickly marked them out as one of the most extreme loyalist groups Henry MacDonald and Jim Cusack provide a fascinating insight into the UVF's origins growth and decline They follow the careers of some of the key players in the UVF including Gusty Spence Billy Wright and David Ervine They catalogue the atrocities in which the UVF were involved including the Dublin and Monaghan bombings the emergence of the notorious renegade Shankill Butchers and the various bloody feuds that have infected loyalism They trace the paramilitary organisation from the violent margins through the horrors of the 1970s and 1980s to its shaky 1994 ceasefire and its crucial if sometimes reluctant role in the peace process that led up to the signing of the Good Friday Agreement in 1998 **Voices from the Grave** Ed Moloney,2010-06-01 A candid and brutal account of murder abduction and violence during the Troubles in Northern Ireland from two men on opposite sides of the conflict After the long war in Ireland came to an end very few paramilitary leaders on either side spoke openly about their role in that bloody conflict but in *Voices from the Grave* two leading figures from opposing sides reveal their involvement in bombings shootings and killings on one condition that their stories were kept secret until after their deaths In extensive interviews given to researchers from Boston College Brendan Hughes and David Ervine spoke with astonishing openness about their turbulent violent lives Hughes was a legend in the Republican movement An operator a gun runner and mastermind of some of the most savage IRA violence of the Troubles he was a friend and close ally of Gerry Adams and was by his side during the most brutal years of the conflict David Ervine was the most substantial political figure to emerge from the world of Loyalist paramilitaries A former Ulster Volunteer Force bomber and confidante of its long time leader Gusty Spence Ervine helped steer Loyalism's gunmen towards peace persuading the UVF's leaders to target IRA and Sinn Fein activists and push them down the road to a ceasefire Now their stories have been woven into a vivid narrative which provides compelling insight into a secret world and events long hidden from history Report of the Mine Inspector for Indian Territory to the Secretary of the Interior Mine Inspector for Indian Territory (U.S.),1903 *Historical Dictionary of the Northern Ireland Conflict* Gordon

Gillespie,2017-03-16 The second edition of the Historical Dictionary of the Northern Ireland Conflict provides an accessible and comprehensive study of the conflict and peace process in Northern Ireland from the 1960s to 2016 The second edition of the book expands on the references relating to individuals organizations and events of the Northern Ireland Troubles and adds material on significant subsequent developments This the work provides a unique view of developments since the signing of the Good Friday Agreement in 1998 While widely heralded as the end of the Northern Ireland conflict the agreement instead witnessed the beginning of a new series of political difficulties to be addressed The Historical Dictionary of the Northern Ireland Conflict is the first significant reference work to examine many of the issues related to political and cultural conflicts and dealing with the past which have grown in intensity since 1998 Many of these themes will be relevant to students of post conflict societies in other areas of the world This second edition of Historical Dictionary of the Historical Dictionary of the Northern Ireland Conflict contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture
