

VERY EASY DOS

A simplified learning manual
for novice users of IBM or
PC/XT compatible computers with
a hard disk, and PC or MS-DOS,
version 2, 3, 4, or 5.

If DOS seems confusing, frustrating, or intimidating, then this is the book for you.

I wrote this step-by-step manual to help you learn faster, learn less, avoid frustration,
and hopefully end up with a more happy feeling about DOS. This is indeed
possible because Very Easy DOS will not require you to do any unnecessary detail.

The last version of Very Easy DOS is 1.3, larger than the first version. The extra
pages are the result of longer explanations, additional personal opinions, and an
index. The original DOS topics comprise less than half of this manual. At the
end of each section, I'd let you know which parts are essential and which parts
you can skip. I've written the manual so that, without knowing anything, you can
do things on your own computer at home, or on someone else's computer, or on the
computer at work.

In any case, I'd like to have your opinion of it.
My e-mail address is SCOTT@BIBLICAL.ORG

Many thanks to those who helped me with this
manual system. Most of all, I thank my wife.
