Chinas Economic System

Audrey Donnithorne

Chinas Economic System:

China's Economic System Audrey Donnithorne, 2013-10-18 First published in 1967 Based on original Chinese sources including the press and government documents this book describes the operation of the Chinese economy in the twentieth century Certain trends become apparent notably the extent to which China's economic life is decentralized and the tendency towards self sufficiency within provinces and smaller administrative units Among the topics covered are Agriculture the organization of large and small scale industry mining and transport management and labour in state enterprises The fiscal system together with the operation of the banks and the control of currency credit and prices and economic planning are also discussed *China's Economic System Reform (1978-2018)* Haibo Wang, 2024-01-03 This book analyzes and summarizes the process and achievements of China's economic restructuring from 1978 to 2018 including the objectives of China's economic restructuring the initial stage of market oriented reform 1979 1984 the comprehensive development stage of market oriented reform 1985 1992 and the initial establishment stage of market oriented reform system 1993 2000 The book illustrates the achievements and significance of China's economic system reform during the stage of system improvement 2001 2011 and the stage of comprehensive deepening reform focusing on market oriented reform 2012 2018 It has great international significance to summarize the experiences of China's economic restructuring and it is conducive to continuing the reform and achieving the final victory of the reform [Exploration on China's Economic System Reform under New Normal of Development](#) Xiaojing Zhang, 2026-01-16 This book sorts out basic logic of China's economic system reform during the past more than 30 years points out new context of China's reform nowadays puts forward reform thinking in this new context emphasizes on enhancing reform force keeping reform tenacity and the importance of promoting reform continuously The most important logic of China's reform is to promote its reform continuously under the great background of global institutional competition and reform competition **The Basic Economic System of China** Changhong Pei, Chunxue Yang, Xinming Yang, 2019-06-14 This book uses facts and data to prove that socialist public sectors are still in a predominant position in China Based on previous research and studies a set of methods for measuring the structure of public or non public owned economy is offered in this book As is remarked by the authors China's basic economic system namely the system with the public sector remaining dominant and diverse sectors of the economy developing side by side represents an efficient approach towards mutual benefit common prosperity and peaceful co existence [China's Economic Dilemmas in the 1990s](#), 1991 [The Extent of Marketization of Economic Systems in China](#) Zongsheng Chen, Siquan Xie, 2000 China's economy is currently undergoing double transformations or transitions the system pattern is being transformed from central planned economy into a market economy and the development frame is changing from a low income type to a middle income type That the double transition take place simultaneously in a developing and socialist country China is quite significant for the whole world People try to understand in what way and to what degree the current development is different from traditional

China and how it is associated with the roads that developed countries have passed This book centres on the transformation to an economic system pattern It endeavours to define the transformation extent of China s economic system pattern up to now and to measure the paces of marketisation progress The stages and features of China s economic system reform are described as well as the features of the target pattern Then the implications and features of marketisation are elucidated because they are the basis for the design of the measurement indicators *China's Economic Dilemmas in the 1990s* United States. Congress. Joint Economic Committee,1992 Costs and Benefits of Interdependence A Net Assessment **China's Economic Dilemmas in the 1990s** The Joint Economic Committee,2016-09-16 Most students of contemporary China are familiar with the Joint Economic Committee studies on China which have appeared periodically since 1967 This is the most recent study in the series released in April 1991 This volume follows the format of the previous studies offering a broad sweep of its subject matter The 50 chapters contributed by Chinese scholars in government universities and private research centres are divided into five major parts Each section begins with an overview which summarises and comments on the main points in each of the chapters The volume offers a detailed examination of China s economy and the political and social factors currently facing the leadership in Beijing *China's Economic Reform* Zhang Yu,2017-10-12 China s growth miracle over the past 30 years has propelled it to become the world s second largest economy and potentially the largest in the following years This book examines China s experience on economic reform trying to find the reasons for the sustainable and rapid development and provide insights into the study of economic theories From the perspective of political economics this book elaborates on China s socialist market economy which was officially confirmed as the goal of the country s economic reform in 1992 It expounds on China s economic model the relationship between socialism and market economy as well as the establishment and improvement of socialist market economy in China deepening the studies in the laws governing China s economic development Then it explores the gradual reform the reform of state owned enterprises and the relationship between governments and market all of which are crucial to the success of China s economic reform Finally based on the analysis above this book discusses the reasons for the constant and rapid development of China s economy With detailed analysis on the reform experience and theoretical implications this book will appeal to scholars and students studying China s economy and contribute to the development of economic theories *China's Economic Transformation* Gregory C. Chow,2015-03-16 Now available in a fully revised and updated third edition this established textbook provides a penetrating and comprehensive analysis of the historical institutional and theoretical factors that have contributed to China s economic success Includes coverage of China s foreign investments trade with regional partners Chinese human capital and bureaucratic economic institutions Covers a diverse set of important issues including environmental restraints income distribution rural poverty the education system healthcare exchange rate policies monetary policies and financial regulation Accessibly written and intelligently organized to offer a straightforward guide to China s economic evolution Written by a

lauded economist researcher and advisor to government officials in mainland China and Taiwan **China's Economic Transformation Over 20 Years** Mengkui Wang,2000 *The Rise of China* Wolfram Elsner,Elyar Najmehchi,2026-08-11 This book provides unique insight into the economic system structures and policies that define modern China and its position within the changing global economy It charts China s rise from poor developing country to major power within the global economic system and international politics The drivers of this change including the specific nature of the Chinese economy and governance are discussed to highlight the processes and socio economic initiatives that have helped China become a global superpower The book examines in detail all major areas of societal development and policy making including the different social fields and everyday behavior as well as regional urban ethnic cultural and ecological developments Particular focus is given to technology industrial and economic policies income distribution and the Belt and Road Initiative This book offers a thoughtful guide to how China has evolved from a centrally planned economy towards state guided growth with a socialist tendency that makes highly effective use of markets It will be relevant to students and researchers interested in the political economy and the role of China within the global economy *The Chinese Economy in Post-Mao* Rueih-Chir Huarng,1996 *China's Conversion to a Market Economy* Kyōichi Ishihara,1993 **China's Economy** Arthur R. Kroeber,2020-06-05 China s economic growth has been revolutionary and is the foundation of its increasingly prominent role in world affairs It is the world s second biggest economy the largest manufacturing and trading nation the consumer of half the world s steel and coal the biggest source of international tourists and one of the most influential investors in developing countries from southeast Asia to Africa to Latin America Multinational companies make billions of dollars in profits in China each year while traders around the world shudder at every gyration of the country s unruly stock markets Perhaps paradoxically its capitalist economy is governed by an authoritarian Communist Party that shows no sign of loosening its grip China is frequently in the news whether because of trade disputes the challenges of its Belt and Road initiative for global infrastructure or its increasing military strength China s political and technological challenges created by a country whose political system and values differ dramatically from most of the other major world economies creates uncertainty and even fear China s Economy What Everyone Needs to Know is a concise introduction to the most astonishing economic and political story of the last three decades Arthur Kroeber enhances our understanding of China s changes and their implications Among the essential questions he answers are How did China grow so fast for so long Can it keep growing and still solve its problems of environmental damage fast rising debt and rampant corruption How long can its vibrant economy co exist with the repressive one party state How do China s changes affect the rest of the world This thoroughly revised and updated second edition includes a comprehensive discussion of the origins and development of the US China strategic rivalry including Trump s trade war and the race for technological supremacy It also explores the recent changes in China s political system reflecting Xi Jinping s emergence as the most powerful leader since Mao Zedong It includes insights on changes in

China's financial sector covering the rise and fall of the shadow banking sector and China's increasing integration with global financial markets And it covers China's rapid technological development and the rise of its global Internet champions such as Alibaba and Tencent *From Accelerated Accumulation to Socialist Market Economy in China* Kjeld Erik Brodsgaard, Koen Rutten, 2017-04-03 In *From Accelerated Accumulation to Socialist Market Economy in China* Kjeld Erik Brodsgaard and Koen Rutten examine China's indigenous economic discourse and its relation to both economic policy making and the overall trajectory of development from the First Five Year Plan in 1953 to 2016 In so doing this volume demonstrates that although the form of the current economic system and its theoretical underpinnings bear scant resemblance to those of the planned economy economic policy making still relies on the principle of accelerated accumulation which lay at the heart of the economic development project in the early years of the People's Republic *China's Economic Reform* Gao Shangquan, 2016-07-27 Friends of China can help her best by maintaining broad but not uncritical support and striving for a deeper understanding of this ancient culture and the political and economic structure of the nation Professor Gao's book is a major contribution to this process Sir Edward Heath What are the reasons behind China's new move to reform What has been experienced and what lessons can now be drawn Is China facing new problems in its reform road What of its future Professor Gao one of China's leading reformers examines and authoritatively assesses China's reform over the last fourteen years Incorporating a broad range of theoretical applied and policy materials this book features many current topics and up to date tables graphs and statistics **Economic System Reform in China** Yuyan Zhang, 1989 **China's Economic Reform** Raphael Shen, 2000-02-28 Both Mao Zedong and Deng Xiaoping drastically altered the course of contemporary China's economic development using opposing strategies Mao froze China's economic system in a perennial state of consumer goods shortages and pervasive macro disequilibria Deng however began thawing a rigidly structured system by introducing experimental reform measures Mao's revolutionary rhetoric brought China's economy to the brink of bankruptcy Deng's ideological pragmatism netted China glowing successes Mao closed China to the outside world Deng engineered China's reintegration into the world economy Dismantling a dysfunctional system and replacing it with a dynamic new one involving 1.2 billion people is risk laden Reform in China began in 1978 It was tentative and experimental confining reform to organizational and administrative decentralization on farms Successes on farms ushered in reform elsewhere in the economy Over time market based coordinating mechanisms progressively began replacing the system's control devices Results from decentralization internally reinforced those from liberalization externally This consequently transformed China's stale distorted system into a more competitive bustling new one ready for developmental takeoff Its meteoric rise among the world's leading markets in recent years has thrust China's economy to the forefront of growth and development Controlled phased reform is yielding dividends not only for its own consumers but for international economic cooperation and growth as well **China's Economic System** Audrey Gladys Donnithorne, 1967
