Arapaho Dialects Alfred Louis Kroeber, 1917 **Ceremonies of the Pomo Indians** Samuel Alfred Barrett, 2015-01-15 It has been at least twenty years since the last of the Pomo ceremonies was held in a truly aboriginal fashion Elaborate ceremonies of a more recently introduced Messiah cult were held as late as perhaps fifteen years ago but these Messiah ceremonies contain only a few features common to the indigenous tribal observances Dances are even yet to be seen in connection with some celebrations principally on the Fourth of July but there now remains so little that is really primitive about these that they are virtually worthless to the student Information obtained through direct observation is at present therefore impossible and we must depend for our knowledge of Pomo ceremonies and ceremonial organization upon the statements of the older men and particularly those concerned with such matters in former days From such sources rather full information concerning some of the ceremonies and dances is obtainable but under the circumstances it is impossible to secure exhaustive data concerning all of them In many instances informants recall only a few of the details of a given ceremony or dance Sometimes only its name is remembered Doubtless even the recollection of some ceremonies and dances has been lost During a residence in the Pomo region from 1892 to 1904 the existing vestiges of some of these Pomo ceremonies were observed whenever possible but no attempt at a systematic collection of data on the subject was made until 1903 and 1904 when this work was undertaken in conjunction with the collection of Pomo myths as part of the investigations of the Ethnological and Archaeological Survey of California maintained by the Department of Anthropology of the University of California through the generosity of Mrs Phoebe A Hearst This information was obtained from informants of three Pomo dialects Northern Central and Eastern Where a native term is used in the following pages therefore the dialect is indicated by N C or E in parentheses directly after it The phonetic system employed is fully explained in *The Ethno Geography of the Pomo Indians* **The Auk**, 1925 *Readings on the Inferno of Dante* William Warren Vernon, 1906 *Hawk's Nest* James Martin Allerton, 1892 **Annual Report of the Mining Industry of Idaho for the**
