Alexandre And Simone The Two Musketeers:

Alexandre and Simone, the Two Musketeers Marilyn Ekdahl Ravicz, 2005-01-31 Among the many mysteries of life is a curious one which some people come to sense in themselves an odd but compelling feeling of relationship to someone from another time place and maybe another sex This peculiar feeling as reported by those who experience it makes us wonder about the basic nature of any assumed relationship which traverses space and time Is it real Can relationships traverse time and space Or are such intimations simply odd reflections or symbols of convergent personal interests which animate us to act in patterned ways Or do they verge on being like actual Doppelgngers repeated embodiments of energy which are transformed into so many patterns through time that inevitably repetitions occur which draw persons together The novel Alexandre and Simone The Two Musketeers makes no attempt to answer these unanswerable questions but chips away at the fundamentals of the idea that shared human patterns and values can and do transverse time and geography to be repeatedly embodied Every life no matter how simple has drama and sometimes the drama resembles a replay of previous lives whether this idea is recognized and accepted or not Those of like interests are drawn to one another across time The two main characters of the novel include Alexandre Dumas the famous writer and passionate rake who lived in late revolutionary France and Simone Dahlgren a passionate young California scholar dedicated collector and dealer in fine antiquarian books artists books and manuscripts These two characters share parallel interests flaws and compelling obsessions which are expressed differently but which also converge seem similar conflict and ultimately cause pain as well as great joy Alexandre a prodigious word master and extravagant lover of the arts food and women stalks through his life like a Titan of verbal expression and flaming erotic passions Simone whose passions include art and words in literature shares many of Alexandres peculiar obsessions and yes some of the same flaws Both are extravagant intelligent but generally non reflective about themselves and thus lack personal insight They are profligate with money but generous and basically loving even when stubbornly foolish But most of all they love words often reducing and deflecting life experiences and problems into mere words and aesthetic satisfactions Words in one form or another occupy their days and shape their struggles and relationships Alexandres compulsive writing is fed by two linked drives the need to earn money and his intrinsic obsession to spill words into tales and romantic dramas about acts of derring do and erotic passion Simones compulsive word orientation provides escape from personal chaos through aesthetic and intellectual satisfaction and feeds her depleted finances at the same time She becomes a fine art and antiquarian book dealer collector The sum of these ingredients creates curious emotional joys and quandries as they both fall on the sword of frustrated love tragedy failure and even success Alexandre rushes through life writing and loving day and night and acting in ways which require exile to escape political censure But he finds that his travels are shadowed by murders even in that haven for political refugees Switzerland He cannot escape his obsessions which entrap him in plots of eruptive social and political change wherever he travels Indeed in spite of his fertile imagination

in creating and resolving plots he is only able to discover the murderer of his best friends at the point of a pistol aimed at him Alexandres travels love affairs his wild imagination and political dedications are reflected in his written dramas and novels which continue to thrill readers with their romantic escapades long after his death Oddly most of his problems and their solutions emanated from his passionate dedication to written or spoken words As such his legacy **A Promise Kept** Marilyn Ekdahl Ravicz PhD, Germaine Krull, 2018-10-12 A Promise Kept Memoir of Tibetans in India is a collaborative work between Germaine Krull and her friend Marilyn Ekdahl Ravicz Although a great photographer Germaine was European and wrote English poorly For this reason she entrusted her memoir manuscript to Marilyn Germaine requested that Marilyn promise to edit and rewrite it for publication so others could share her experiences As promised Marilyn offers Germaine s A Promise Kept to you Enjoy reading about his holiness Sakya Trizin his family and their lives in India Share their trials adaptations and amazing social and religious rebirth as refugee Tibetans *Crazy Feasts* Marilyn Ekdahl Ravicz, 2016-12-21 CRAZY FEASTS is a culinary history cookbook that includes descriptions of ten banquets that were quite crazy or bizarre in several senses Each feast is preceded by a short description of the location and historical setting in order to give a background for the dishes served as well as for the particular kind of craziness involved The feasts vary in historical depth from the Roman Empire period to the first decades of the twenty first century The locations include cities from Rome to other European capitals as well as Mexico City when it was called Tenochtitlan as the Spanish conquistadores entered it in the early sixteenth century Each feast described was either an actual historical incident or is an imagined banquet that could well have occurred given the culture and habits of the time Each feast described is followed by recipes garnered from that culture and historical period CRAZY FEASTS is a salute to human folly and the happy circumstances of glorious banquets meant to stimulate your sense of fun and folly should you decide to create a crazy feast of your own *Alexandria* Marilyn Ekdahl Ravicz, 2009-06 **Ergonomics for Home-Based Workers** Marilyn Ekdahl Ravicz, 2013-06-14 We all work at home even if we arent telecommuters entrepreneurs or stay at home parents Whether were paying the bills helping children with homework or operating a home based business time at home often requires us to spend hours at home workstations Most of the time we dont realize were using our equipment in unhealthy ways Fortunately you can reduce the wear and tear on your body by learning about ergonomics In this guidebook a longtime medical anthropologist shares tips and strategies that enable you to develop habits to work efficiently and comfortably conserve your energy and work smarter and use your brain in order to save your body By tweaking your environment and the ways you use office equipment you can change your life in all sorts of ways Taking steps to reduce aches and pains can immediately improve your relationship with your significant other children family and friends Its essential to be smart about how you use sophisticated machines especially the ones you use for prolonged periods Overcome minor and even severe physical problems with Ergonomics for Home Based Workers *Three Musketeers* André Maurois, 1957 **The Moving Picture World**, 1915 **Theatre Guild Quarterly**
