Collaboration Today Victor M. Cassidy, 2018-09-28 Most artists work alone but some find a creative partner and team up for their entire careers Artistic collaborators often testify that their work done jointly is better than what each person could create on his or her own They say this collaboration is like marriage in the way that both partners benefit from a commitment to shared goals excellent communication and trust Based on studio visits and in depth interviews this book reports on more than forty collaborating sculptors painters printmakers photographers architects and performers who have worked in tandem with other artists The Monotype Recorder ,1924 Art of Collaboration ,1985 Printmaking in America Trudy V. Hansen, Jane Voorhees Zimmerli Art Museum, 1995-09 The years from 1960 to 1990 witnessed an extraordinary outburst of creative activity among American printmakers A number of important new workshops were founded from such influential studios as Universal Limited Art Editions as Long Island and the Tamarind Lithography Workshop in Los Angeles to small presses throughout the country In contrast to traditional European ateliers where professional printers reproduced artists designs for commercial edition printing the new American workshops stressed collaboration and emphasized radical experimentation with medium and process The work produced in these studios often owed as much to the imaginative gifts of the printer as the conception of the artist **The Prints of Michael Mazur with a Catalogue Raisonné 1956-1999** T.
