Code Cicada:

Code Cicada Warren Reed, 2004 **The Community and the Algorithm: A Digital Interactive Poetics** Andrew Klobucar, 2021-09-07 Digital media presents an array of interesting challenges adapting new modes of collaborative online communication to traditional writing and literary practices at the practical and theoretical levels For centuries popular concepts of the modern author regardless of genre have emphasized writing as a solo exercise in human communication while the act of reading remains associated with solitude and individual privacy The Community and the Algorithm A Digital Interactive Poetics explores important cultural changes in these relationships thanks to the rapid development of digital internet technologies allowing near instantaneous synchronous multimedia interaction across the globe The radical shift in how we author and consume media as an online electronic transmission effectively resituates the writing process across the liberal arts as less a solitary act of individual enquiry and reflection and more an ongoing collaborative process of creative interaction within a multimedia environment or network Contributions in this anthology demonstrate a robust history and equally diverse contemporary approach to multimedia interaction for literary and artistic ends Central to all media formats computation is explored throughout this volume to critically examine how algorithmic procedures in writing help bring forward many key concepts to building creative communities in a digital environment Each chapter in this book accordingly introduces readers to various new collaborative experiments using a broad range of different digital media formats including VR Natural Language Generation NLG and metagaming tools This book will appeal broadly to students instructors and independent artists working in the digital arts while its emphasis on social interactivity will interest theorists and teachers working in theatre social media and cyberpsychology Its secondary focus on computation and media programming as a site of artistic experimentation will also interest programmers and web designers at various professional levels *You've Been Played* Adrian Hon, 2022-09-20 How games are being harnessed as instruments of exploitation and what we can do about it Warehouse workers pack boxes while a virtual dragon races across their screen If they beat their colleagues they get an award If not they can be fired Uber presents exhausted drivers with challenges to keep them driving China scores its citizens so they behave well and games with in app purchases use achievements to empty your wallet Points badges and leaderboards are creeping into every aspect of modern life In *You've Been Played* game designer Adrian Hon delivers a blistering takedown of how corporations schools and governments use games and gamification as tools for profit and coercion These are games that we often have no choice but to play where losing has heavy penalties *You've Been Played* is a scathing indictment of a tech driven world that wants to convince us that misery is fun and a call to arms for anyone who hopes to preserve their dignity and autonomy **SLAY** Brittney Morris, 2019-09-24 A Publishers Weekly Best Book of 2019 Gripping and timely People The YA debut we're most excited for this year Entertainment Weekly A book that knocks you off your feet while dropping the kind of knowledge that'll keep you down for the count Prepare to BE slain Nic Stone New York Times

bestselling author of *Dear Martin* and *Odd One Out* Ready Player One meets *The Hate U Give* in this dynamite debut novel that follows a fierce teen game developer as she battles a real life troll intent on ruining the Black Panther inspired video game she created and the safe community it represents for Black gamers By day seventeen year old Kiera Johnson is an honors student a math tutor and one of the only Black kids at Jefferson Academy But at home she joins hundreds of thousands of Black gamers who duel worldwide as Nubian personas in the secret multiplayer online role playing card game SLAY No one knows Kiera is the game developer not her friends her family not even her boyfriend Malcolm who believes video games are partially responsible for the downfall of the Black man But when a teen in Kansas City is murdered over a dispute in the SLAY world news of the game reaches mainstream media and SLAY is labeled a racist exclusionist violent hub for thugs and criminals Even worse an anonymous troll infiltrates the game threatening to sue Kiera for anti white discrimination Driven to save the only world in which she can be herself Kiera must preserve her secret identity and harness what it means to be unapologetically Black in a world intimidated by Blackness But can she protect her game without losing herself in the process

Top Secret Crispin Boyer, 2021-04-06 Pssst Want to know a secret How about a few hundred of them Here s a collection of the world s most classified cases top secret truths and cryptic curiosities you could ever hope to get your fingerprints on Oh didn t realize you were leaving behind a trail of evidence You will after you read this book In fact you ll know all the tricks of the spy trade get the scoop behind sleuthing and discover all kinds of skills like how ninjas walked on water You ll read about cold cases and hidden places cool disguises and wicked surprises menacing mysteries undiscovered histories and so much more From the world s most elite spy agencies to the coolest spy gadgets of today and the most spine tingling conspiracies and covert cover ups ever this book is jam packed with everything that s allowed to be revealed You ll get to take a crack at codes that leave even the world s most elite code breakers totally stumped get behind the scenes access to how movie magic really happens take a sneak peek at the world s most covert recipes unravel the tricks magicians use to astonish their audiences and get up close with the world s most mysterious places With tongue in cheek How to Be a Spy activities you and your friends will get to put your budding spy skills to the test And when you re all done don t forget to wipe this book for prints and store it safely with your secret stash After all you don t want it falling into the wrong hands
