**European Comics in English Translation** Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Herge's Tintin to the sadistic murder for hire in Bernet's *Torpedo Albums* by a single creator or artist and writer team of European origin. The focus is on comics in periodicals and anthologies with multiple contributors; each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index.

**The Comic Art Collection Catalog** Michigan State University Libraries, Special Collections Division, 1993 This is the most comprehensive dictionary available on comic art produced around the world. The catalog provides detailed information about more than 60,000 cataloged books, magazines, scrapbooks, fanzines, comic books, and other materials in the Michigan State University Libraries America's premiere library comics collection. The catalog lists both comics and works about comics. Each book or serial is listed by title with entries as appropriate under author, subject, and series. Besides the traditional books and magazines, significant collections of microfilm, sound recordings, vertical files, and realia, mainly T-shirts, are included. Comics and related materials are grouped by nationality, e.g. French comics and genre, e.g. funny animal comics. Several times larger than any previously published bibliography list or catalog on the comic arts, this unique international dictionary catalog is indispensable for all scholars and students of comics and the broad field of popular culture.
