**Alien Discussions** Andrea Pritchard, 1994-01-01      **Abduction: Human Encounters with Aliens** Mack, 2009-12-15 A Harvard psychiatrist the author of *A Prince of Our Disorder* presents accounts of alien abduction taken from the more than sixty cases he has investigated and examines the implications for our identity as a species These mesmerizing and thought provoking stories of alien encounters from a Harvard professor take you through actual case studies of people from all walks of life and ages who have had challenging sometimes disturbing and in every case life changing experiences of alien abduction John Mack explores evidence of nonhuman intelligence like an attorney preparing for the trial of the century interviewing witnesses examining physical evidence consulting with experts in related fields constantly questioning his own assumptions As a story of one man's determination to bear witness to cosmic mysteries with extraordinary implications for the human future Abduction is bound to become a modern classic Keith Thompson author of *Angels and Aliens*      UFO Religions Christopher Hugh Partridge, 2003 The spectre of the UFO as popularized by shows such as *The X Files* has brought an astonishing slant to the face of modern religious practice But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers *UFO Religions* critically examines some of the fascinating issues surrounding UFO worship abduction narratives UFO based interpretations of other religions the growth of pseudo sciences purporting to explain UFOs and the responses of the core scientific community to such claims Focusing on contemporary global UFO groups including the Raelian Movement Heaven's Gate Unarius and the Ansaaru Allah Community it gives a clear profile of modern UFO controversies and beliefs      *Religion and Cultural Studies* Susan L. Mizruchi, 2021-01-12 Americans have never been more religious than they are now at the dawn of the twenty first century By all reports attendance rates at traditional places of worship are high and rising the influx of new immigrant religions has revitalized standard faiths and drawn in those who had strayed from them Popular television shows like *The Simpsons* feature characters who go to church every Sunday and speak to God special events like the 1998 outdoor mass in Worcester Massachusetts for a comatose girl believed to have miraculous powers attract thousands of people This collection is both part of this ferment and an intellectual reflection upon it *Religion and Cultural Studies* features essays by major scholars from the fields of anthropology history literary criticism and religion in order to enrich critical discourse about religion and culture Despite the variety of disciplines represented by this group of scholars and the variety of cultures explored in their essays from fifteenth century Flemish asceticism and nineteenth century African American spiritualism to Russian blood libel trials and Alien Abduction Reports in the twentieth century their common ground is the question of religion's place in current American academic analysis and more broadly in American life today The volume's range of vocabulary and subject matter is aimed at vitalizing scholarly interest in the field of religion and cultural studies and deepening intellectual inquiry in the contemporary academy The contributors are Eytan Bercovitch Karen McCarthy Brown Gillian Feeley Harnik Richard Wightman Fox Jenny Franchot Giles Gunn Geoffrey Galt Harpham

Bruce B Lawrence Jack Miles Susan L Mizruchi and Jonathan Z Smith      **The UFO Phenomenon** Robert Davis,2015-02-28  
A comprehensive perspective of evidence and future directions associated with the UFO phenomenon Includes review and analysis of studies evidence theories and research needs involving UFO topics Extensive scientific endnotes      **Close Encounters Of The Fourth Kind** C.D.B. Bryan,2011-11-02  
Close Encounters of the Fourth Kind cases in which personal contact between an individual or individuals is initiated by the occupants of the spacecraft Such contact may involve the transportation of the individual from his or her terrestrial surroundings into the spacecraft where the individual is communicated with and or subjected to an examination before being returned One might expect that a scientific conference devoted to people who have reported being kidnapped by little green men would be dismissed out of hand But C D B Bryan the greatly admired journalist and author of Friendly Fire did not dismiss it the conference was to be held at the Massachusetts Institute of Technology and would have as its chairmen a Pulitzer Prize winning Harvard psychiatry professor and a professor of physics from M I T Bryan attended the conference throughout its five days He approached the subject with no prior stand no agenda and an open if slightly skeptical mind As the conference progressed he was astonished by the quality of the stories told by the hundreds of men and women who came forward hesitantly and reluctantly with their utterly amazing and utterly convincing accounts of having been abducted and then examined aboard extraterrestrial spacecraft by spindly limbed telepathic gray creatures with outsized foreheads dominated by huge compelling tear shaped black eyes What most astonished Bryan were the similarities found again and again in these accounts and the consistency of their details It is here that the heart of the mystery lies as the Harvard professor John E Mack asked at the conference If what the abductees are saying isn t happening to them then what is This question and the possible answers are at the center of this richly explicit serious and riveting book Bryan recreates the conference He interviews ufology s most prominent psychiatrists psychologists hypnotherapists researchers physicists physicians and folklorists He interweaves throughout the testimony of the abductees themselves who tell us their stories in chilling detail He presents in depth the Close Encounter experiences of two women whose stories he tells on the basis of both their spontaneous recollections of the events and their memories that were retrieved through sessions of hypnosis of which Bryan himself was a witness Finally Bryan examines the current theories psychological psychiatric medical parapsychological that have been put forward by the unconvinced to explain the abduction phenomenon Are the abductees suffering from some sort of false memory syndrome a multiple or dissociative personality disorder Are they fantasy prone Close Encounters of the Fourth Kind is a detailed objective exploration the most concrete to date of one of the enduring and amazing mysteries of our time It is a book that will equally fascinate believers and nonbelievers      UFOs and Abductions David Michael Jacobs,2000  
Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their
