Dewey Decimal Classification Sanjay K. Kaushik,2012 The scheme called Dewey Decimal Classification was devised in 1876 by Melvil Dewey Now it has an incredible history of 136 years of boundless success This scheme is widely used in majority of libraries in about 150 countries This is the result of continuous revision that the 23rd edition of DDC has been published in July 2011 No other classification scheme has published so many editions Some welcome changes have been made in DDC 23 The present book is an attempt to explain with suitable examples the salient provisions of DDC 23 The book is written in a simple and lucid language so that even the students do not face any difficulty The examples in the book are explained in a step by step procedure It is hoped that this book would be of great help and would be very useful to the library professionals at large library classifiers in general and library and information science students in particular
