was how small and difficult getting through that window might be or how long and strong that North wind might blow It was 1848 Pa followed his dream he was taking his family to the Promised Land a land called California Laurin like her father dreamed big until tragedy struck When cholera claimed the lives of her parents and older brothers in the Humboldt Sink she had to find that window set her own sail against that staunch wind Only she remained to do it She had to find a way not just to survive the trek over the Sierra and into California but to survive once they arrived It wasn't for herself but for her younger brother age 7 and sister age 4 they were her responsibility their future their very lives depended upon her They couldn't go back there was no back She loved them she had to find a way
