Across The Generations Selecting Using Intergenerational Resources

Michael Rajnik

Across The Generations Selecting Using Intergenerational Resources:

Across the Generations Helen Foster James,1996 Covers topics and lists available resources for locating information for intergenerational programs **Library and Information Science Annual. Volume 7** Bohdan S. Wynar,1999

International Resource Book for Libraries Serving Disadvantaged Persons Joanne Locke,Nancy Panella,Margaret Girolami,2001 No detailed description available for International Resource Book for Libraries Serving Disadvantaged Persons

Biodiversity and Ecological Economics Luca Tacconi,2017-09-25 It is vital that we adopt interdisciplinary approaches such as ecological economics to gain an understanding of the values that determine human interaction with and use and abuse of the environment This book is a model of applied ecological economics It presents an accessible introduction to the subject while at the same time broadening its theoretical basis by introducing a post positivist participatory method The theoretical framework is applied to case studies in biodiversity conservation drawn from around the world and a range of different ecosystems The book is a suitable textbook for students of ecological economics and an ideal introduction for scientists and environmentalists needing to understand the role of economics in ecology and conservation *Library Developments* ,1995 **Resources in Education** ,1994-07 **Footnotes** ,1997 *The Nonprofit Human Resource*

Management Handbook Jessica Word,Jessica Sowa,2017-06-26 As an increasing number of individuals go to work in the nonprofit sector nonprofit managers need support on how best to build their human resource management capacity They need to know what systems to examine what questions to ask and how to ensure they are managing people in a legal manner and as effectively as possible given their particular resource constraints Important questions include Do we have a clear philosophy one that aligns with our nonprofit mission and values and allows us to treat our employees as the professionals they are How do we select develop and retain the best people who will produce high value high performance work and how do we do so with limited resources How do we effectively manage our mix of volunteers and paid staff What do we need to consider to ensure diverse people work together in a harmonious fashion With all new chapters written by the top scholars in the field of nonprofit HRM these are but a few of the many questions that are addressed in this timely volume These scholars delve into their particular areas of expertise offering a comprehensive look at theories and trends legal and ethical issues how to build HRM from recruitment management labor relations to training and appraisal as well as topics in diversity technology and paid versus volunteer workforce management This essential handbook offers all core topic coverage as well as countless insider insights additional resource lists and tool sets for practical application With chapters grounded in existing research but also connecting research to practice for those in the field *The Nonprofit Human Resource Management Handbook* will be required reading for a generation of scholars students and practitioners of nonprofit human resource management Risk Analysis of Natural Hazards Paolo Gardoni,Colleen Murphy,Arden Rowell,2015-10-17 This volume investigates the interdisciplinary and cross cutting challenges in the risk analysis of natural hazards It brings together

leading minds in engineering science philosophy law and the social sciences Parts I and II of this volume explore risk assessment first by providing an overview of the interdisciplinary interactions involved in the assessment of natural hazards and then by exploring the particular impacts of climate change on natural hazard assessment Part III discusses the theoretical frameworks for the evaluation of natural hazards Finally Parts IV and V address the risk management of natural hazards providing first an overview of the interdisciplinary interactions underlying natural hazard management and then exploring decision frameworks that can help decision makers integrate and respond to the complex relationships among natural events the built environment and human behavior

I-search for Success Donna Duncan,Laura Lockhart,2005
 Extending the authors previous book I Search You Search We All Learn to Research Neal Schuman 2000 this title takes readers step by step through a unit for grades three and four from planning to assessment Large boxed figures interspersed throughout the text include I Search forms worksheets organizational tools and lists of resources for further information The accompanying CD ROM contains the collaborative planning guide the I Search journal for students and a PowerPoint presentation for professional development found in the book with all of the figures incorporated for easy modification and printing This is a valuable resource guide for teachers and librarians using or planning to use the I Search method Booklist
