About this book:

COOKING WITH CONSCIENCE

There is a great need for this book

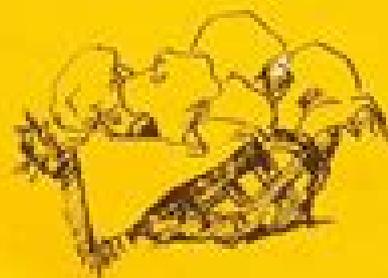

Churches & civic groups concerned about world hunger are advocating several days a week of "fasting" or meatless meals. But people responding to this plea are not necessarily health food advocates, may not keep organic gardens or frequent health food stores. *Cooking With Conscience* meets this challenge. It calls for only five ingredients not readily available in a supermarket. And tells where to buy those five. And it presents recipes for dishes that taste as much as possible the way Americans expect food to taste.

COOKING WITH CONSCIENCE is nutritionally sound

It takes advantage of new vegetable protein research. Yet it's a book born in a kitchen, not a laboratory—impatientious, adventurous, homey, not grim.

COOKING WITH CONSCIENCE is a serious book. It is also a delight

As the authors state: *Cooking With Conscience* was written for a serious purpose, but we saw no reason to be grim about it. Cooking is a creative adventure & eating is a blessing. We enjoyed ourselves putting this book together and we wish you enjoyment in using it.
