Daily Telegraphs British Battlefields:

The Daily Telegraph Guide to Britain's Military Heritage Mark Adkin, 2006 From Boudicca rising up in rebellion against the Romans to Spitfires dogfighting with Messerschmitts in the skies over Kent Britain has been the scene of countless legendary battles and British soldiers sailors and airmen have been at the forefront of military prowess and innovation both at home and worldwide

Auchinleck Philip Warner, 2006-06-01 Field Marshal Sir Claude Auchinleck was born in India and raised in conditions of near poverty Yet his talent ensured his career flourished despite his Indian Army background and he was the first Commander of 8th Army in North Africa Despite great political interference he stopped Rommel's Afrika Corps at 1st Alamein only to be sacked by Churchill After a spell in the wilderness he became C in C India during the dark period of Partition and ironically had to preside over the destruction of his beloved Indian Army A private man of great humour and integrity he refused to be drawn into discussing or criticising his tormentors be they Churchill Montgomery or Mountbatten He always argued that history would be his judge This is a super piece of military biography by one of the most respected post war military historians

A Cavalryman in the Crimea Philip Warner, 2009-11-15 Among the British troops bound for the Black Sea in May 1854 was a young officer in the 5th Dragoon Guards Richard Temple Godman who sent home throughout the entire Crimea campaign many detailed letters to his family at Park Hatch in Surrey Temple Godman went out at the start of the war took part in the successful Charge of the Heavy Brigade at Balaklava and in other engagements and did not return to England until June 1856 after peace had been declared He took three very individual horses and despite all his adventures brought them back unscathed Godman's dispatches from the fields of war reveal his wide interests and varied experiences they range from the pleasures of riding in a foreign landscape smoking Turkish tobacco and overcoming boredom by donning comic dress and hunting wild dogs to the pain of seeing friends and horses die from battle disease deprivation and lack of medicines He writes scathingly about the skein of rivalries between the Generals a good many muffs among the chiefs inaccurate and highly coloured newspaper reports and while critical of medical inefficiency regards women in hospitals as a sort of fanaticism Yet at other times he will employ the pen of an artist in describing a scene or wax eloquent on the idiosyncrasies of horses He is altogether a most gallant and sensitive young cavalryman and deservedly went on to achieve high rank after the war Always fresh and easy to read his letters provide an unrivalled picture of what it was really like to be in the Crimea

British battles on land and sea James Grant, 1891

The Battle for France Philip Warner, 2010-08-19 Provides a fresh and invaluable explanation of the military and political events of that extraordinary campaign Scale Military Modeller International After the long winter of the Phoney War the invasion of the Low Countries and France by Hitler's rampaging armies threw the world into crisis Chamberlain's government fell Churchill became Prime Minister France was humiliated the British Expeditionary Force was only saved by the miracle of Dunkirk but many men and huge amounts of equipment were lost to the Blitzkrieg England trembled but the

invasion never came Philip Warner graphically recounts the momentous events of that terrible period thanks to his painstaking research and skillful writing He demonstrates how the under trained and ill equipped British forces gallantly but futilely resisted the German land and air onslaught He emphasizes the understated contribution of the French This book provides a fresh and invaluable explanation of the military and political events of that extraordinary campaign which continued on after Dunkirk

Secret Forces of World War II Philip Warner,2004-01-20 One of the lasting legacies of World War 2 was the proliferation of what today are known as Special Forces At the time many soldiers often of high rank regarded these units as nothing short of ill disciplined cowboys or worse However desperate times called for desperate measures and there were those in high places who were prepared to take risks As specially recruited units such as the LRDG SAS and SBS earned their spurs and scored significant victories at high cost both to the enemy and themselves so faith in the concept grew

Recent British Battles on Land and Sea James Grant,1884

The History of the Battles and Adventures of the British, the Boers, and the Zulus, in Southern Africa, from 1495 to 1879, Including Every Particular of the Zulu War of 1879, with a Chronology Duncan Campbell Francis Moodie,1879

Dervish Philip Warner,2010-04-14 Dervish is the vivid and colourful story of one of the more remarkable episodes in the high Empire period of British history The Mahdis rising in the Sudan in the 1880s starting as a localized Holy War against the decadent Turkish Egyptian overlords engulfed a million square miles of arid territory and forced the British Liberal Government to get involved after the early disasters of the Hicks expedition and Gordons death at Khartoum The narrative which makes excellent use of the first hand diaries and reports including those of Rider Haggards brother Andrew and of Father Ohrwalder the Austrian missionary who spent ten years of captivity in the Mahdis camp brilliantly describes the growth and strength of the Mahdist movement and the extraordinary devotion and discipline of the Dervish troops Facing such opponents with stoic endurance were the British Egyptian and Sudanese Negro soldiers and the resulting military engagements evoked amazing feats of courage and derring do on both sides The Dervish Empire outlasted the Mahdi by thirteen years It ended in the battle of Omdurman and Kitcheners reconquest of the Sudan which was well supported by Reginald Wingates military intelligence operations It lasted a comparatively brief span of time but it had been established at the expense not only of the neighbouring Abyssinians but also of the European white man at a time when Britain was approaching the zenith of its imperial power Philip Warner is author of Passchendale and The Zeebrugge Raid and numerous other first rate histories He wrote the biographies of Auchinleck and Horrocks He was the military obituary writer of The Daily Telegraph for many years In WW2 he was a POW of the Japanese for 1 000 days He died in 2000

The Zeebrugge Raid Philip Warner,2008-03-20 On 23 April 1918 a force drawn from the Royal Navy and Royal Marines launched one of the most daring raids in history The aim was to block the Zeebrugge Canal thereby denying U boat access although this meant assaulting a powerfully fortified German naval base The raid has long been recognised for its audacity and ingenuity but owing to the fact that the official

history took overmuch notice of the German version of events has been considered only a partial success The error of that view is now exposed for in this stirring account there is evidence from many sources that the raid achieved much more than is usually credited to it The raid is presented from a variety of viewpoints from the airmen who took part in the preliminary bombing to the motor launches which picked up survivors The crews of the launches and coastal motor boats were frequently amateur sailors but their courage and skill were second to none Philip Warner has talked with many of the survivors and corresponded with others some of whom now live in distant parts of the world Phantom Philip Warner,1990-12-31 The story of the shadowy special reconnaissance unit whose intelligence helped the Allies win World War II It operated in Italy Sicily Austria France Belgium Holland and Germany It was at Dieppe with the Commandos in France with the SAS at Arnhem with Airborne and in Germany until the surrender Phantom aka GHQ Liaison Regiment was one of the most secret and most effective of the wartime special regiments It was formed in 1939 with the mission of finding out exactly where all the Allied forward positions were a task which required linguistic ability unlimited tact and radio expertise After Dunkirk its squadrons at first kept an eye on all invasion points before deploying to Greece and to the Middle East An indispensable direct communication link between the forward patrols and command headquarters its members were as varied and colorful as its tasks Among them were a Cambridge college postgraduate three professors a famous actor playwright a film star a famous sculptor a steward of the Jockey Club a commissioner of the Metropolitan Police and numerous authors and journalists This fascinating history goes beyond Phantom s aura of mystery and shows how it was so successful in its role of tracking both allied and enemy movements and relaying vital information direct to commanders *Battlefield Tourism* David William Lloyd,2014-07-31 In the aftermath of the Great War a wave of tourists and pilgrims visited the battlefields cemeteries and memorials of the war The cultural history of this battlefield tourism is chronicled in this absorbing and original book which shows how the phenomenon served to construct memory in Britain as well as in Australia and Canada The author demonstrates that high and low culture tradition and modernism the sacred and the profane were often inter related rather than polar opposites The various responses to the actual and imagined landscapes of battlefields are discussed as well as bereavement and how this was shaped by gender religion and the military experience Individual memory and experience combined with nationalism and imperial identity as powerful forces informing the pilgrim experience But this book not only analyzes travel to battlefields which unsurprisingly paralleled the growth of the modern tourist industry it also looks closely at the transformation of national war memorials into pilgrimage sites and shows how responses both to battlefields and memorials which continue to serve as potent symbols evolved in the years after the Great War **Secret Forces of World War Two** Philip Warner,2004 One of the lasting legacies of World War 2 was the proliferation of what today are known as Special Forces At the time many soldiers often of high rank regarded these units as nothing short of ill disciplined cowboys or worse However desperate times called for desperate measures and there were those in high places who were prepared to

take risks As specially recruited units such as the LRDG SAS and SBS earned their spurs and scored significant victories at high cost both to the enemy and themselves so faith in the concept grew Philip Warner s book takes a highly informed look at the broad spectrum of secret forces of all sides describing their origins and training the key personalities and their actions and achievements **Britain's Sea-soldiers** Cyril Field,1924 The British Quarterly Review Henry Allon,1885
