*Dancing with Angels* Megan McKenna, 1997 In her collection of extraordinary poems bestselling author Megan McKenna unifies words and angels to explore a series of remarkable moments which are stumblings or fallings into the domain of the spirit The result is a passing blur of wings leaving in one's hands words on paper these poems *The Collected Poems of Edith Sitwell* Edith Sitwell, 1930 **Send My Roots Rain** Megan McKenna, 2010-05-05 Megan McKenna has long been well known in the Catholic community as a writer speaker and teacher In her lectures and writings McKenna focuses on the central place of storytelling in the spiritual life and on the role of the storyteller as a teacher She explores the illuminating power of stories examining both traditional and contemporary tales that are integral parts of Christian Zen Jewish Sufi Native American and many other spiritual traditions **The Room and the World** Laura McCullough, 2015-01-01 *The Room and the World* Essays on the Poet Stephen Dunn is the first book of its kind to explore and unpack the Pulitzer winning poet's oeuvre Including twenty four essays a foreword by poet and essayist Dave Smith and an introduction by Laura McCullough this anthology illuminates Dunn's development as a writer his thematic obsessions and his strategies and maneuvers on the page it also locates him in the pantheon of essential American poets Philosophical funny and founded on the juxtaposition of ideas with masterful tonal layering and texture Dunn's poems are considered some of the best of his generation The contributing poets and scholars including Dunn's contemporaries and former students highlight Dunn's meditations on freedom and constraint sexuality and sorrow sound and sense and the mystery in the dailiness of living Fans will find this a crucial text that reveals the complexities of Dunn's poetry and much about the man himself [Praying the Rosary](#) Megan McKenna, 2007-12-18 Internationally acclaimed author Megan McKenna gives this Catholic tradition enriched modern relevance in a completely up to date guide to praying the Rosary designed for general readers and incorporating the recent additions made by Pope John Paul II As a speaker teacher and bestselling Catholic author Megan McKenna has informed and inspired audiences both in and outside of the Catholic tradition with her warmhearted contemporary approach to spirituality Now she turns her attention to the Rosary revealing the universality of this ancient practice and how it can enrich lives today Praying the Rosary the act of counting off prayers with a string of beads in a rhythm of focused spiritual contemplation is a practice that has existed for centuries and is common to many faiths For the world's one billion Catholics it has become the most popular form of devotion Though strongly associated with the Virgin Mary the prayers of the Rosary are ultimately meant to bring those who say them closer to Jesus Christ whose life and teachings are central to all branches of the Christian faith This gives the Rosary an ecumenical dimension that is in sync with today's emphasis on the common bonds rather than the divisions among all Christians In 2002 Pope John Paul II updated the Rosary by adding a new section on the teachings of Jesus further emphasizing the centrality of Christ and the biblical Gospels at the heart of the prayers Embracing this ecumenical attitude in *Praying the Rosary* Megan McKenna explores the Rosary and explains how to pray it

incorporating the Pope's recent additions and revealing its relevance to a new generation. She breaks down the Rosary into its twenty components, prefacing each with a selection from Scripture that identifies the prayer's source in the Bible. Combining practical instruction with meditative reflections on the prayer's spirituality, she reveals the Rosary's richly contemplative nature and shows how praying the Rosary can inspire peaceful, calm attitudes and an awareness of the universal spiritual mystery that connects all Christians.

Dancing with Angels W. Brunhofer, 2021-06-30 Good poetry is good because it connects us to universal human values and truths that speak to all people. Poems have the ability to inspire us to seek truth and take us on journeys in pursuit of goodness from a fearless warrior's journey and stories of dauntless kings who beat the odds to celebrations of the beauty of nature and innocence of childhood and musings on the vastness of time and depth of true love. These verses mount an investigation into sources of human goodness and an exploration of the ultimate source of good.

Dancing with Angels: Songs and Poems of the Millennium invites us to engage with those better angels whose guidance illuminates our better natures and brings us closer to the truth, rebalancing the human spirit in calibration with our Creator.
