**Tech-noir Film** Emily Elisabeth Auger,2011 From the postapocalyptic world of Blade Runner to the James Cameron mega hit Terminator tech noir has emerged as a distinct genre with roots in both the Promethean myth and the earlier popular traditions of gothic detective and science fiction In this new volume many well known film and literary works including The Matrix RoboCop and Mary Shelley s Frankenstein are discussed with reference to their relationship to tech noir and one another Featuring an extensive clearly indexed filmography Tech Noir Film will be of great interest to anyone wishing to learn more about the development of this new and highly innovative genre *Gross Movie Reviews: The Wrath of Gross* Tim Gross,2014-12-30 This book is the follow up to Tim Gross s successful review book The Big Ass Book of Gross Movie Reviews Tim brings you unbelievable amount of reviews of horror independent horror sci fi and quite a few bad flicks With this book Tim lives his dream of writing reviewing and watching as many movies he can get his hands on Film Writers Guide Susan Avallone,1998 The most complete reference book about writers of motion pictures and movies of the week Includes credits and contact information as well as a cross referenced index by film title writer Over 7000 screen writers containing over 28 000 film listings releasing information date studio Academy Awards listings index of literary agencies Also includes listings of to be produced screenplays *Video Source Book* ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Laser Video Guide** ,1997 The complete laser disc catalog movies music and special interest including karaoke and animation Billboard ,2001-08-18 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Film Writers Guide ,1998 **My Greatest Day in Show Business** Raymond Richmond,1999-10-01 Told in the stars own words the stories in My Greatest Day in Show Business recall the most memorable moments of 100 high profile film and television luminaries Complete with celebrity photographs throughout this book offers a unique glimpse into the lives of America s most beloved entertainers **Motion Picture Almanac** ,2006

Halliwell's Film, Video & DVD Guide, 2008      DVD & Video Guide 2004 Mick Martin, Marsha Porter, 2003 Featuring more than 400 new entries among reviews and ratings of 18 000 movies this guide to films that are available on video and DVD includes brand new DVD listings director and star indexes and much more Original      **Encyclopedia of Film Themes, Settings and Series** Richard B. Armstrong, Mary Willems Armstrong, 2015-07-11 The first edition was called the most valuable film reference in several years by Library Journal The new edition published in hardcover in 2001 includes more than 670 entries The current work is a paperback reprint of that edition Each entry contains a mini essay that defines the topic followed by a chronological list of representative films From the Abominable Snowman to Zorro this encyclopedia provides film scholars and fans with an easy to use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation viral epidemics robots submarines reincarnation ventriloquists and the Olympics Excellent said Cult Movies The volume also contains an extensive list of film characters and series including B movie detectives Western heroes made for television film series and foreign film heroes and villains      *International Television & Video Almanac*, 2006      **International Index to Film Periodicals**, 1995      **Psychotherapists on Film, 1899-1999** John Flowers, Paul Frizler, 2004-04-22 How long have psychotherapists been depicted in films Nearly as long as there have been films or psychotherapists for that matter This isn't surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at about the same time What may be surprising is the sheer number of times that psychotherapists in their many guises have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century This comprehensive worldwide filmography examines over 5000 movies Films in which mental health professionals appear or in which others act in that capacity are listed alphabetically A preface explains the criteria for a film's inclusion and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies Appendices list the titles by decade alternate titles for many films recent releases and qualifying adult films      **The Aesthetics of Ambivalence** Brooks Landon, 1992-08-30 Brooks Landon's book is wide ranging thought provoking and near state of the art It concerns science fiction film and toward the end almost becomes SF in its provocative speculations on the future of such film His study is really two books in one The first part argues that most criticism of SF film has been inadequate because it is based on literary rather than film specific standards The second argues that SF film will soon become either obsolete or be totally transformed through new computer technology What ties them together is the author's concern with what might be called the SF ethos or SF thinking so that science fiction can be seen to encompass not only SF in print film TV and comic books but has become all pervasive in contemporary culture At present Landon argues that SF film may have exhausted itself as a genre but new electronic technology computer animation interactive narratives and virtual reality promises to radically transform SF film and possibly create a synthesis of the divergent trends of SF literature and film Production technology has become the new story one more interesting than the

narrative it ostensibly supports Landon believes we are at the threshold of a new age similar to the pioneer years of filmmaking a hundred years ago *Video Movie Guide 2002* Mick Martin, Marsha Porter, 2001 This bestselling video guide to films serials TV movies and old TV series available on video is completely updated with the newest releases Containing more than 18 000 listings this revised edition includes 400 new entries that are detailed with a summary commentary director cast members MPAA rating and authors rating
