MahaManan: The only scientific way to real human development and world peace! Sumeru Ray (Maharshi MahaManas),2022-12-20 Mind developing education is the only scientific way to real human development Real human development and world peace can only be achieved if proper mind developmental education and training are introduced all over the world In this dire critical condition of the juncture of the age to remove the sufferings of the people and to establish real human development and world peace the great Indian sage Maharishi MahaManas has appeared as the need of the time Many consider him to be an incarnation of Lord Shiva Pure spiritual renaissance is about to take place through an epoch making revolutionary movement on the path indicated by him If you are willing to join the great revolutionary movement to create a conscious illuminated new age freed from the darkness of ignorance and blind faith you are welcome Sumeru Ray alias Maharshi MahaManas who has been working tirelessly almost all his life for real human development Here is the essence of Maharshi MahaManas s logic and science based modern doctrine called MahaVad The root cause of most man made problems suffering and misery is lack of sufficient knowledge and consciousness and mental illness Blind faith blind devotion superstition and violence hatred terrorism have all arisen from that Real human development and world peace can only be achieved if proper mind development education and training are introduced all over the world And if real human development takes place then most of the human centered problems will be solved True Spiritual Revolution not so called religious spirituality is the only way to real Human Development and World Peace And Real human development and world peace can be achieved only through mind developing education Maharshi MahaManas For this purpose after about fifty years of research and effort Maharshi MahaManas has developed an excellent mind development education system called MahaManan If you are interested to know more about this please do a Google search Maharshi MahaManas MahaManan Sumeru Ray Mind developing education can be imparted in two ways The first is through institutional education and the second is through humanistic religious education

A Few Words About the Devil, and Other Biographical Sketches and Essays Charles Bradlaugh,2019-12-02 In A Few Words About the Devil and Other Biographical Sketches and Essays Charles Bradlaugh presents a bold exploration of contentious themes through the lens of biography and personal reflection Crafting a series of incisive essays Bradlaugh adopts a literary style marked by wit and critical inquiry He confronts institutional dogmas particularly those surrounding religion and morality employing a narrative that is both provocative and accessible reflecting the fervor of the 19th century rationalist movement The essays not only serve as portraits of notable figures but also function as a critique of societal norms skillfully balancing scholarly rigor with engaging prose Charles Bradlaugh an influential British atheist politician and reformer dedicated his life to advocating for secularism freedom of thought and social

justice His own experiences of censorship and opposition fueled his passion for addressing complex moralities and the human condition in his writing Bradlaugh s activism particularly his struggles against religious orthodoxy profoundly influenced the themes in this collection grounding them in both personal conviction and broader societal discourse This book is recommended for readers interested in the intersection of biography philosophy and social critique Bradlaugh s illuminating insights and compelling narrative voice invite readers to reconsider their own views on morality belief and the essence of humanity making it a significant contribution to both historical and contemporary dialogues *Crescas: Light of the Lord (Or Hashem)* ,2018-11-10 This volume is the first complete English translation of Hasdai Crescas s *Light of the Lord* *Light of the Lord* is widely acknowledged as a seminal work of medieval Jewish philosophy and second in importance only to Maimonides *Guide of the Perplexed* Crescas takes on not only Maimonides but through him Aristotle and challenges views of physics and metaphysics that had become entrenched in medieval thought Once the Aristotelian underpinnings of medieval thought are dislodged Crescas introduces alternative physical views and reinstates the classical Jewish God as a God of love and benefaction rather than a self-intellecting intellect The end for humankind then is to become attached in love to the God of love through devoted service [The Oberlin Quarterly Review](#) ,1845 **Plato and the Other Companions of Sokrates** George Grote,2022-01-04 Thanks to the publication of *Plato and the Other Companions of Sokrates* George Groves was renowned as the greatest nineteenth century Plato scholar In the preface to this book the author says he s chosen the characters of Plato and Socrates as they are interesting and important characters in philosophy and history The personality of Socrates has become legendary Yet the period of his greatest achievement coincided with work and life of other important philosophers This book tells about important leaders of thought from the Socrates circles Xenophon Kriton Protagoras Parmenides Menon and others It may be used as a supplementary source for learning philosophy and for individual research on the history of philosophy According to the author this book is a sequel and supplement to his major opus *The History of Greece* [Taking Morality Seriously](#) David Enoch,2011-07-28 In *Taking Morality Seriously: A Defense of Robust Realism* David Enoch develops argues for and defends a strongly realist and objectivist view of ethics and normativity more broadly This view according to which there are perfectly objective universal moral and other normative truths that are not in any way reducible to other natural truths is familiar but this book is the first in detail development of the positive motivations for the view into reasonably precise arguments And when the book turns defensive defending Robust Realism against traditional objections it mobilizes the original positive arguments for the view to help with fending off the objections The main underlying motivation for Robust Realism developed in the book is that no other metaethical view can vindicate our taking morality seriously The positive arguments developed here the argument from the deliberative indispensability of normative truths and the argument from the moral implications of metaethical objectivity or its absence are thus arguments for Robust Realism that are sensitive to the underlying pre-theoretical motivations for the view **Lessons from Nature** St. George
