Cultures Diana Roig-Sanz,Reine Meylaerts,2018-07-20 This book sets the grounds for a new approach exploring cultural
mediators as key figures in literary and cultural history It proposes an innovative conceptual and methodological
understanding of the figure of the cultural mediator defined as a cultural actor active across linguistic cultural and
geographical borders occupying strategic positions within large networks and being the carrier of cultural transfer Many
studies on translation and cultural mediation privileged the major metropolis of Paris London and New York as centres of
cultural production and translation However other cities and megacities that are not global centres of culture also feature
vibrant translation scenes This book abandons the focus on innovative centres and imitative peripheries and follows
processes of cultural exchange as they develop Thus it analyses the role of cultural mediators as customs officers or
smugglers or both in different proportions in so called peripheral cultures and offers insights into an under analysed body of
actors and institutions promoting intercultural transfer in often multilingual and less studied venues such as Trieste Tel Aviv
