*The Psalms: A Commentary (Trans from German of Die Psalmen). [Old Testament Library].* A. Weiser, 1962

**Supernatural Religion: The Acts of the apostles. The direct evidence for miracles. The resurrection and ascension** Walter Richard Cassels, 1879      **Psalms 1 - 59** Hans-Joachim Kraus, 1990 V 1 Psalms 1 59 v 2 Psalms 60 150

**Supernatural religion [by W.R. Cassels]. Complete ed., revised** Walter Richard Cassels, 1879      *Catalogue of Printed Books* British Museum, 1899      **Eerdmans Commentary on the Bible: Psalms** Willem S. Prinslo, 2019-06-18 This extract from the Eerdmans Commentary on the Bible provides Prinslo's introduction to and concise commentary on Psalms. The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text: parable, prophetic oracle, legal code, and so on, interpreting within the historical and literary context. The volumes also address major issues within each biblical book, including the range of possible interpretations and refer readers to the best resources for further discussions.

This bibliography lists descriptions of over 32,000 editions together with bibliographical references, an introduction, and indexes. It draws on the analysis of collections situated in libraries throughout the world. This is the first time that all the books published in the various territories that formed the Low Countries are presented together in a single bibliography. *Netherlandish Books* is an invaluable research tool for all students and scholars interested in the history, culture, and literature of the Low Countries, as well as historians of the early modern book world.
